MORE INFO

The school is situated in the picturesque village of Christleton, approximately 3 miles from the centre of Chester, serving a community of small villages and housing on the east side of the city. Academic standards at the school are very high, frequently the highest in the region, thanks to highly motivated staff, children who wish to learn and parents who support them. Our high standards are maintained by caring and creating a climate of trust and mutual support between all who work in the school.

The school has undergone a number of major refurbishments in the last few years to provide excellent facilities for learning, most recently, in 2024, we built new Geography and Business classrooms, and refurbished our Sixth Form facilities. It also has a large Leisure Centre, swimming pool and 4G pitch, which are jointly managed and available for use by students and staff during the day.

Student pastoral care is organised on a 'Year' basis, with great importance attached to the work and function of the Form Tutor. Academic organisation is based on subject departments. The Heads of Department and Heads of Year meet regularly with the Headteacher, Deputy Headteacher and six Assistant Headteachers.

The achievement and care system has recently been reorganised to increase the emphasis on achievement, ensuring all students leave with qualifications and skills needed for a successful life. The achievement team consists of 7 Year Heads.

In Year 7, children are taught in mixed-ability House groups for all subjects except Mathematics, where they are currently in half-Year sets. In Year 8, there is setting for English, Mathematics, Science and French. In Years 10 and 11, the option system ensures each student takes the National Curriculum requirement, but the widest possible

choice is offered to all students. In effect, each student has an individual timetable in Years 10 and 11, choosing from 25 subjects.

The school operates a two-week timetable of 48 x 1hr periods. Every Wednesday afternoon there is systematic and planned staff development and enrichment activities for the students.

The Sixth Form at Christleton is excellent. Students choose to stay and work within the normal school environment, contributing to the education of the younger students and the quality of whole school life. Sixth Form students can choose from over 30 subjects at AS and A2 and most continue into Higher Education.

Christleton High is an Academy and Christleton Learning Trust is the employer. Details of the Governing Body can be found on the school website www.christletonhigh.co.uk.

The following statements were produced jointly by governors and staff of the school. They reflect our collective values and the way in which we believe the school should run and be developed.

We will enable all students to recognise and achieve their full potential in life. As a supportive and stimulating community we will encourage individual self-development. We will foster high personal and moral values and concern for others. To help us achieve this objective we will:

- Encourage teamwork where individual contributions are valued.
- Work collaboratively with parents
- Recognise our role in the community by continued development of our links with local residents, charities, businesses, local councils, government agencies and other educational establishments.
- Work to an annual development plan which sets targets, allocates resources and monitors progress.

Our curriculum enables each student to enjoy positive achievements and recognition of individual success. It provides a wide range of learning experiences and develops the skills needed for continuing education, employment and citizenship. We:

- Deliver the legal entitlement within a defined curriculum, which is constantly reviewed and updated.
- Encourage each student to share responsibility for his/her own learning. We will define the curriculum in terms of unified short term targets. Students and teachers will be involved in the learning process, its positive evaluation and resultant action.
- Acknowledge individual achievement by positive feedback to students.

Our students are encouraged to achieve their best and contribute positively in their interaction with others. So that they can learn and develop effectively we aim to create a stable, caring environment where students feel happy, secure and confident. We offer a stimulating intellectual challenge. By underlining the value and rewards of hard work and self-discipline we foster the strengths of all students according to their abilities. We expect everyone to adhere to an agreed value system where mutual respect, empathy and integrity flourish. We will:

- Resource an accessible and effective pastoral system.
- Exercise consistent and fair discipline, guided by unambiguous rules, with school and home in co-operation.
- Offer practical guidance of various kinds: educational, vocational and behavioural.
- Reward progress in every sphere by appropriate means.
- Enable students to develop self-discipline by giving them opportunities to make decisions within agreed parameters.
- Ensure the organisation of the school at all levels is efficient and cohesive and exists ultimately for the benefit of our students.

Our staff are highly trained and qualified professionals, committed to the aims of the school. They are clear about their key tasks and success criteria. Through their personal qualities and enthusiasm, they have high expectations of themselves and others. In their working relationships, they are supportive of others, will lead by example, demonstrating their energy and will be willing to reflect, change and improve when necessary.

The managers of the school at all levels will give positive leadership and a clear sense of direction within realistic, achievable goals. Above all, they will create a climate where all staff can be respected and valued. They will provide opportunities for development, fair conditions of service and appropriate information, support and resources. We:

- Have quality recruitment and development policies, which recognise the importance of reassessing needs.
- Coordinate staff appraisal and in-service training.
- Set targets, evaluate and review.
- Develop personal and professional support services.
- Have an effective communication system and create an appropriate working environment.

OUR VALUES

The Values and Competency framework supports Christleton employees now and into the future. It sets out the behaviours and values that provide a consistent foundation for our processes, systems and relationships.

This framework ensures clear expectations of those working in our school, leading to standards being raised to benefit the students in our care.

- Caring for our students
- Commitment to high standards
- Creative and change orientated
- Collaborative
- Cheerful

The framework has five values, and under each value, there are clearly defined key behaviours and descriptors, which show what we expect our values to look like in practice and underpin everything we do as a school.

From this set of values, flow the competency frameworks that guide how we work and how our performance is monitored and appraised. There are three competency frameworks:

- Support Staff Standards
- Teaching Standards
- Leadership Standards

Our values aim to inspire and enable all staff and students to be the best they can be.

We create an environment that is highly participative and aspirational. Every student has the opportunity to develop the skills to lead positive and fulfilling lives appropriate to her or his skills, aptitudes and interests. We support parents and carers and will work with the community to nurture all our young people. We seek to deliver an education provision that aims to develop the life skills of all young people and be available to support them throughout their years of compulsory education.

Caring is a central quality of human relationships. Caring goes beyond a particular behaviour or action provided on behalf of others. Caring also goes beyond feelings of concern and sentiment about others.

It refers to the matter, manner, and motivation of personal and professional actions and interactions. We understand and recognise that students focus on our work; caring for students lies at the heart of effective schooling and good school leadership.

A creative outlook leads naturally to high-quality classroom activities carried out by creative learners. To succeed in a world characterised by rapid change and increased complexity, Christleton High School must grow, develops, adapts creatively to, and takes charge of change so that we can create our preferable future. Disclosure and Barring Service (DBS)

Successful applicants will be asked to apply for a Criminal Record Check (Disclosure) from the Disclosure and Barring Service.

This job is subject to an Enhanced disclosure which provides details of all convictions held on the Police National Computer, including current and spent convictions as well as details of any cautions, reprimands or final warnings. If a job involves working with children, the disclosure will indicate whether information is held on government department lists. There is an additional level of check which also includes a check on local police records.

A copy of the Disclosure and Barring Service Code of Practice is available on request. Further information about the Disclosure scheme can be found at <https://www.gov.uk/disclosure-barring-service> A copy of the school's Safeguarding Policy can be found here: <https://www.christletonhigh.co.uk/uploads/files/safeguarding-and-child-protect-1943.pdf>
