Background

Mossbourne is the realisation of Sir Clive Bourne's dream to provide the children of Hackney with an outstanding education. Mossbourne is built on a formula of high expectations, doing the simple things right, and the belief that all children can succeed. All learners, regardless of ability, benefit from the innovative and enlightened approaches to teaching and learning. The Federation's calm working atmosphere creates well-rounded individuals who excel in the arts, on the sporting field and academically.

The Mossbourne Federation consist of seven academies: Mossbourne Community Academy (MCA), Mossbourne Fobbing Academy (MFA), secondary and sixth form, Mossbourne Victoria Park Academy (MVPA), Mossbourne Port Side Academy (MPA) secondary, Mossbourne Parkside Academy (MPA), Mossbourne Riverside Academy (MRA), Mossbourne Herd Lane Academy (MHLA) primary.

The Mossbourne Federation is actively seeking to increase the proportion of our workforce who come from diverse backgrounds. We particularly welcome applications from people of Black, Asian and other minority ethnic descent. Injustice, discrimination and intolerance go against the core tenets of the Mossbourne ethos. We actively reject discrimination in our academies through continuous review of our working policies & practices across the federation, including at board level. We are committed to developing & supporting inclusivity, diversity & anti-racism in every facet of what we do.

Mossbourne Fobbing Academy (MFA)

Having joined the Mossbourne Federation in January 2025, Mossbourne Fobbing Academy (MFA) is on track to become a beacon of educational excellence both in Thurrock and across the country. Indeed, in 2024-25 our GCSE and A Level students attained outcomes which broke academy records, revolutionised opportunities, and signalled a step-change in what our students achieve. We are changing the face of education in Thurrock and raising the bar in educational expectations; if you want to be part of that journey then read on.

MFA is a school with a rich history of excellent academic, artistic and sporting achievements. Today, that legacy of excellence lives on through our wonderfully talented students and terrifically dedicated staff. Everything we do is built on having extremely high expectations of our students and the conviction that teaching and learning, and safeguarding, come first. We expect the highest standards of behaviour so that students can focus on learning in an environment that supports them to feel, and be, safe. This means our teachers plan carefully, and with expertise, and are able to focus on teaching lessons of the highest standard so students acquire the knowledge, character and qualifications to unlock aspirational pathways.

Our students capitalise on a fantastic range of facilities that encourage them to nurture and pursue their passions in sports and the arts. Our range of extra-curricular activities, including the Combined Cadets Force and The Duke of Edinburgh's Award, offer experiences that broaden horizons and enrich lives.

We are dedicated to ensuring that our students leave equipped with the knowledge, character and qualifications that open the doors to whatever future they envisage for themselves. MFA students leave ready to make their mark on the world

The Mathematics Learning Area

The Mathematics Learning Area is led by the Head of Learning Area (HoLA), a second in charge, and a Key Stage coordinator. Our Mathematics team are passionate about their subject and collaborate closely in pursuit of excellence. This includes regular Curriculum Development Time where teachers work together reviewing and adapting high-quality centrally planned resources in order to get the best from their students. Our team benefits from a Federated curriculum that is carefully sequenced and uses structured booklets, knowledge organisers and retrieval routines to secure long-term learning.

The learning area is well-resourced with every classroom benefiting from an interactive whiteboard and a visualiser to support high-quality modelling and explanation. The department also has its own workspace in which Mathematics teachers work collaboratively to seek the very best ways to ensure student success and engender a love of the subject. In 2024-2025, the learning area achieved record-breaking results for the school with 10% and 7% increases in the percentage of students achieving 4+ and 5+ at GCSE. While at A-Level, 90% achieved an A*-C and both Further Mathematics students achieved A*.

It is an exciting time to be joining our Extended Leadership Team and stepping up to lead Mathematics at Mossbourne Fobbing Academy.

Job Summary

We are seeking an outstanding leader and practitioner who is ready to provide strong leadership for the learning area. The successful applicant will be passionate about teaching and have the drive and ambition to lead improvements. They will be well organised and willing to go the 'extra mile'. They will be a driving force in the Learning Area who will deputise for the Head of Learning Area when they are unavailable, collaborate closely with the Head of Learning Area and will embody the high standards that we expect from all of our staff. They will share in the vision that educational excellence is for all and will be instrumental in not only maintaining high standards but have the desire to play a significant role in developing the Mathematics Learning Area further.

Main Duties & Responsibilities

Responsibilities include, but are not limited to:

- To be a leader within the Learning Area in their support for the Head of Learning Area.
- Co-ordinate, oversee and contribute to the development of schemes of work.
- To work with the Head of Learning Area and other postholders to ensure effective provision of teaching and learning of Mathematics.
- To observe colleagues on a regular basis and provide quality feedback, setting targets for improvement and to follow up, where appropriate.
- To support Mathematics teachers to become expert teachers.
- To contribute to the planning, development and delivery of training within the Mathematics Learning Area.
- To take on a lead role in ensuring outstanding behaviour is upheld in the Mathematics learning area.
- To train teachers on the use of data and how to use it effectively across the learning area.
- To have an overview of progress and attainment of students across all Key Stages.
- To be a member of the pastoral team & if required, a form tutor carrying out associated responsibilities.
- To comply with any reasonable request from a manager to undertake work of a similar level that is not specified in this job description.

- To oversee Prep lessons, including delivery of 'Bourne Scholar' sessions, as directed and in accordance with Academy expectations
