

JOIN OUR SCHOOL ADVISORY BOARD

What is the role of the Advisory Board?

The Advisory Board has a key role in influencing the development of the school and ensuring it is meeting the needs of children. As a member of the Board, you will work closely with the Headteacher to support the development and improvement of teaching, learning and standards in school.

The Board is representative of the whole school community and provides a mechanism for you to be consulted, learn more about the school and how you can be involved in it, be provided with information and an opportunity to be involved in key decisions.

As a community member you have a unique perspective which you will be able to use to influence decision making and policy for the benefit of the school and all its pupils.

How is the role different to that of a governing body?

Our school is part of Discovery Schools Trust which is an education charity that oversees the running of eighteen schools (15 primary schools and three special schools).

The Discovery Board of Trustees oversees the central organisation and is the legal governing body for all schools in the Trust. To help fulfil its responsibilities, the Board of Trustees delegates functions to each school local Advisory Board and this is set out in a document called the Scheme of Delegation. Whilst the Trust Board remains accountable for these functions, the Advisory Board is an important part of the governance structure, providing local governance on behalf of the Board of Trustees.

Each Advisory Board has 6 to 8 members, made up from several stakeholder groups which includes parents, staff and the local community.

What is the commitment?

If you join our Advisory Board, you will serve for a three-year term. You may resign at any time by giving notice to the Clerk of the Advisory Board.

Of course, being a member does take up time. The Advisory Board meetings are usually held four times a year alongside regular opportunities for you to visit the school.

You will need to set aside time to be able to be an effective member, time to prepare for meetings, for visiting the school, and undertaking induction and training.
