Why Ash Field Academy

We are an enthusiastic and professional staff team who keep the progress and development of children at the centre of our thinking. We believe strongly in creating new and exciting opportunities and making sure that learning is both engaging and relevant. Parents are a vital part of the team and are very positive and supportive.

Our pupils' individual needs are our focus at all times and we continually strive to improve our provision to meet their needs effectively. We don't want our pupils to thrive simply during a particular session or even over the duration of their placement, but instead we are concerned with sustained improvements and life-long impact. We recognise that this is what will really improve both their life-chances and the quality of their life.

Whilst we take our responsibilities incredibly seriously and are always driving to improve for the children and young people in our care, we also know that pupils achieve best when they are having fun and this too is a key part of the Ash Field philosophy.

There are three decorative dots: a pink one at the top, a light green one at the bottom, and a small white one in the text area.

Staff treat pupils respectfully and with kindness. They know each pupil extremely well. Pupils form trusting relationships with staff and strong friendships with their peers.

Staff have clearly identified the key knowledge they want pupils to know, and the skills they want them to learn in each pathway. Pupils experience a highly personalised curriculum in all pathways, which seamlessly blends therapeutic and academic approaches.

Our vision

Regardless of your role within Discovery, we are working for something bigger.

Everything we do is to ensure that children and the colleagues we work with realise their potential and experience limitless learning opportunities.

Discovery Trust aspires to achieve excellence in all areas of work. The children and families we work with have confidence in the teachers and leaders of the Trust who act with integrity and demonstrate respect for individual needs. Discovery aspires for all our schools to become sustainable and inclusive, driven by a passion for working in partnership with all stakeholders.

Our values

Our values matter.

They drive what we do and underpin every action we take. Our values are not just words. They support our purpose and help us function together as one and shape the way we behave.

We use these values to work as a highly productive partnership across diverse schools and service departments. We expect schools to develop a localised set of values to ensure their community is engaged and successful.

“Respect is what binds us together as a community. Teaching understanding of how fundamental it is to be respectful of one and other all in our diverse communities will mean that we can all live in the society we would wish for.”

Jane Pinborough, HLTA Kibworth CofE Primary School

“Discovery Trust afford me the scope and flexibility to explore sustainable options and I have the full backing of the Senior Leadership Team. My ideas are heard and challenged but ultimately met with positivity.”

Head of Estates**
