## About the School

Our school is a strong, caring community with an ethos based on our three core values; supporting to students to achieve; providing opportunities for enrichment in order to extend students' education within and beyond the classroom; preparing students for the wider world and life beyond school with key life skills and learning relevant to their life, both in the present and in the future. We have high expectations of all members of our school community, with aspirations for everyone to be the best they can be, in all that they do. Visitors to the school regularly comment on the calm and welcoming environment; we very much look forward to welcoming your child to our school.

Our OFSTED inspection in October 2024 validated the impact of the significant work that has taken place to develop the character and culture of the school. Inspectors commented that students articulated that they felt happy, safe and that diversity is valued. It was noted that "pupils, staff and parents and carers agree that this school has improved since the previous inspection" and this is further evidenced through the Parent View responses, with 83% of responses recommending the school, an increase from 46% just under two years ago.

There is further evidence to support the impact of these positive changes including Local Authority reviews and student and parent voice, alongside a significant reduction in the number of fixed term suspensions. Attendance has also improved with data in line with the national figures for 2023-24 and a marked reduction in persistent absenteeism.

Teaching & learning across the school has shown increased consistency following the introduction of the Teaching and Learning toolkit but there is further work to be done around assessment for learning and adaptive teaching to ensure that students make more progress than is currently the case.

We are delighted that given the rapid improvements made, the inspection team have full confidence in the school having the capacity to improve further the effectiveness of teaching that pupils experience.

Early Career Teachers undertake a fully inclusive and supportive induction programme and are mentored continually throughout their term of training to ensure guidance is on hand at all times. This is complemented by the robust two-year Early Career Framework programme.

Our Governing body is committed to safeguarding and promoting the welfare of all children and young people and expects all staff and volunteers to share in this commitment. The successful applicant will be offered a position subject to full pre-employment checks including an enhanced DBS clearance, satisfactory medical checks and two satisfactory references.
