

Information for Applicants

Teacher of Mathematics

Part-time, Main/Upper Pay Scale

The Maths department at Great Western Academy is a thriving and dynamic team comprised of talented and enthusiastic specialists. Each individual teacher brings their own experience of maths and maths teaching to the table, contributing to a warm and collaborative atmosphere where we strive to support one another and share best practice. We each have our own backgrounds, including further education, industry and logistics, and would love to welcome a new member to our team who can either build on our existing strengths or offer a new perspective.

Our curriculum is meaningful, meticulously designed and fully resourced, building from KS3 to KS5 to encourage independence and problem-solving skills. Resources are shared centrally, but each teacher has the autonomy to deliver lessons and material in a way that suits them. Where possible, classes have one teacher so they can build positive working relationships and teachers can become experts on the students in front of them.

As well as GCSE Maths, we also offer A-Level Maths and Further Maths. The popularity and success of our A-level programme is a testament to the strength and rigour of our curriculum, as well as to the commitment of staff to provide the best possible experience of maths learning.

Outside of the taught curriculum, there are plenty of opportunities for students to extend their knowledge and skills. Extra-curricular activities play an important role in life at GWA, and teachers can design an enrichment programme that plays to their strengths. Enrichment sessions are offered to students on Tuesdays and Wednesdays from 3.10 to 4.15. All teachers will contribute to the Academy's enrichment programme for two out of the three terms, with the option of offering intervention in the third (or continuing to offer enrichment), pro-rata if part time. This forms part of their directed hours. It is an opportunity to engage students' interest in an area of your own interest. Maths teachers past and present have offered UKMT Maths Challenge club (leading to several students progressing to follow-up rounds), a space exploration society, Rubik's Cube club, and Puzzle Club.

In addition, we lead successful visits for Key Stage 3 students to Bletchley Park and Newbury Racecourse to explore the practical application of Maths, something we are passionate about as a department. Alongside these stretch and challenge opportunities, we run weekly intervention sessions to support those who need it in each Key Stage, offering all our students the best possible chance of success in Mathematics.

Our priority is very much to recruit the best classroom practitioners who can ensure our students arrive at the Academy excited about the day ahead and leave each day talking about the excellent learning they have experienced. Great Western Academy aims to radically improve the life chances of every student who attends our thriving school.

Further details are available on the Academy website www.gwacademy.co.uk and in the job description attached.

Application process

Please complete the application form and make sure to include a supporting statement, either in the space provided on the application form or as a separate document. The application form should be completed in full. A CV is not required and should not be submitted as part of the application.

Your supporting statement should be no more than 2 sides of A4 (with a font size no smaller than 11) and should enhance your application by providing further information, matched to the person specification, about your suitability for the post. This should include evidence of the impact on student outcomes you have made in your career to date.

Applications should be submitted electronically through My New Term by **9am on Wednesday 30th September 2026**. Interviews will most likely take place the following week.

However, we may interview before the closing date (and close the advert early) depending on the suitability and the number of applicants.

Safeguarding

Great Western Academy is committed to safeguarding and promoting the welfare of children, young people and vulnerable adults and we expect all staff to share this commitment and undergo appropriate checks. All posts within the Trust are therefore subject to an Enhanced DBS and barred list check.

References: References will be taken up prior to interview.
