Turing House School, 221a Hospital Bridge Rd, Whitton TW2 6LH

Science Technician

Job title: Science Technician

Contract: Permanent, Full time, Term time only

Salary: NJC 6-9

Main Purpose of the Role

To provide technical support to the science department, ensuring that equipment and resources are prepared and maintained to enable the delivery of high-quality science education.

Key Responsibilities

- Prepare, set up, and check equipment and materials for science lessons, practical's, and assessments across all key stages
- Maintain, store, and safely dispose of materials and chemicals in line with health and safety regulations
- Support teachers and students during practical lessons, providing guidance on the safe and effective use of equipment
- Carry out routine maintenance, cleaning, and repairs of science equipment
- Monitor and manage stock levels, order resources as required, and maintain accurate inventories
- Ensure laboratories and prep rooms are kept tidy, safe, and organised at all times
- Support the implementation of health and safety policies and complete relevant risk assessments
- Perform duties and attend meetings as reasonably required
- Participate in the school's performance management scheme
- Undergo in-service training where required and share expertise and skills with colleagues
- Contribute to the school's pastoral system
- Observe and implement current school policies and good practice
- Contribute to the overall ethos, work, and aims of the school
- Carry out such particular duties as the Headteacher may reasonably direct from time to time
