## STRENGTHENING THE COMMUNITY

Academies exist in a distinctive social context, which has a direct impact on what happens inside the school. Academy leadership should commit to engaging with the internal and external school community to secure equity and entitlement. All staff should collaborate with other schools in order to share expertise and bring positive benefits to their own and other academies. They should work collaboratively at both strategic and operational levels with parents and carers and across multiple agencies for the well-being of all children.

This will include:

- Building a school culture and curriculum which takes account of the Church Foundation and the richness and diversity of the school's communities.
- Creating and promoting positive strategies for challenging harassment of any kind.

- Building bridges with the school's diverse communities, seeking opportunities to invite the whole range of parents and carers, community figures (including clergy and church representatives), businesses or other organisations into the school to enhance and enrich the school and its value to the wider community.
- Contributing to the development of the education system by, for example, sharing effective practice, working in partnership with other schools and promoting innovative initiatives.
- Co-operating and working with relevant agencies to protect children.

- Sufficient resources and time are allocated to enable the designated person and other staff to discharge their responsibilities in relation to safeguarding, including taking part in strategy discussions and other inter-agency meetings and contributing to the assessment of children.
- All staff and volunteers feel able to raise concerns about poor or unsafe practice in regard to children, and that such concerns are addressed sensitively and effectively in a timely manner in accordance with agreed whistle blowing practices.
