Teacher of Maths

September 2026 start - Permanent Role

MPS/UPS (M1 £38,248 - UPR3 £56,715)

Our Story

Thank you for your interest in this important role. As we mark our tenth anniversary since opening in September 2015, we invite you to apply for a position at one of the nation's top-performing state schools!

TKA, as we are fondly referred to, was opened back in September 2015 as part of a unique partnership between Kingston University, Kingston College and The Royal Borough of Kingston Upon Thames - they still form our Trust Membership today.

Mrs Sophie Cavanagh
Headteacher, TKA
Executive Director, KET

We have accomplished a great deal in the relatively short time we have been open. We have a track record of achieving stellar GCSE and A-Level results, firmly securing us as one of the top-performing non-selective schools in the country. We have quickly also become the school of choice for young people with special educational needs.

In January 2022, we welcomed Fern Hill Primary School into our founding Trust - Kingston Educational Trust. Our distinctive Trust composition means that we are uniquely placed to develop, grow and support all of our staff.

This is an exciting time to develop your career with us as we continue on our journey of excellence. For further details about the role you are applying for, please see the information included in our specific Job Packs, including details of how to visit us in person. We'd love to meet you.

Teacher of Maths

The Kingston Academy is seeking an enthusiastic and dedicated Teacher of Maths to join our team and play a pivotal role in securing excellent outcomes for all pupils. You will deliver high-quality Maths teaching across Key Stages 3 and 4, combining strong subject knowledge with an unrelenting commitment to high expectations, purposeful learning, and consistent routines that enable every pupil to succeed. The ability to teach up to and including Key Stage 5 is desirable but not essential.

Working closely with Curriculum Leader and the wider Maths team, you will plan and teach ambitious, well-sequenced lessons that develop pupils' fluency, reasoning and problem-solving. You will use assessment intelligently to identify misconceptions, adapt teaching, and provide timely intervention so that pupils make exceptional progress from their starting points. You will also contribute to a culture of scholarly curiosity about Maths, helping pupils to see the subject as both empowering and relevant to their future.

We invite applications from qualified teachers (QTS) who are passionate about Maths and committed to inclusive practice. Whether you are an early career teacher or an experienced practitioner, you will be reflective, collaborative, and determined to make a lasting difference to the life chances of young people at The Kingston Academy.
