Thank you for requesting details for the post of D&T Technician. We are looking for a colleague to join our Design & Technology department at this successful, oversubscribed comprehensive Academy. This role is from 1<sup>st</sup> September 2026.

The successful applicant will have high expectations and an unwavering commitment to all staff, students and stakeholders.

This is an exciting time in the school's development. In July 2022, it was announced that IGS had been selected for the next phase of the national Schools Rebuilding Programme, and we will receive substantial capital investment to rebuild and refurbish parts of the school. Work commenced in the summer term 2025 and, on completion for D&T next spring, will have a transformative impact on the learning environment within all areas of D&T at IGS. In addition, following further capital investment from BMDC, we have recently expanded our specialist School Resource Provision (SRP), providing 24 places for students with autism. This is in line with our commitment to inclusive education and to meeting the needs of all young people within our community.

We deeply care for our staff as well as our students and take their wellbeing seriously, engaging regularly and meaningfully with all colleagues. We have a strong associate staff team employed across student support and pastoral roles, administration, premises management, IT support, finance, catering and operational management. We are sensitive about the importance of managing staff workload. We have a comprehensive wellbeing offering for staff to access across the school year. The school also closes earlier for students on Wednesdays to facilitate whole school and departmental staff development and training.

Despite our considerable success, we are not complacent and the commitment to our Personal Best values and our motto "Growing in Wisdom and Stature" means that we continue to drive school improvement to further raise standards. It is important to us that students are equipped with the confidence, skills and personal qualities to make a positive difference to their own lives and to that of others. We can guarantee high-quality support in the role, committed and effective colleagues, well-motivated and aspirational students, opportunities for partnership working and a very supportive community. In return, we will expect a positive and enthusiastic approach, an unwavering commitment to our Personal Best values and a passion for working with young people to make a positive difference to their lives.

If you are inspired by this opportunity and have the qualities to contribute to our high-quality provision, then we would be delighted to hear from you.
