INTEGRITY, AMBITION, EXCELLENCE

Welcome to Advantage Schools; a high-performing family of ten schools.

We unashamedly believe in high attainment. Our schools seek to transform the life-chances of the young people in our care. We do this through very high expectations – of behaviour and conduct, of hard work and of determination and perseverance – alongside the very best knowledge-based curriculum.

At Advantage Schools, we commit to ensuring that pupils will be able to learn in an environment that is free from disruption so that they can chase their dreams and fulfil the aspirations they share with parents and colleagues.

A broad curriculum places pupils in a strong position to question and debate the world around them, making them intellectually resilient and prepares them for citizenship in a democratic society. We believe this is a right of all pupils and one which is empowering.

We also pride ourselves on the additional opportunities available to pupils outside of the classroom. Our extensive extra-curricular programmes include residential, sports and music so that we develop well-rounded young people.

Our schools work together to provide teachers and support staff with the best possible training. In partnership with families, we work hard to ensure that pupils have the widest possible opportunities in their lives.

Our schools' doors are open in every sense:

- we are in the centre of our communities, inviting them in regularly and celebrating the richness of our local area and those we serve;
- we collaborate with other professionals and schools, sharing our work to benefit pupils across the country;
- we celebrate what we do while maintaining humility in accepting feedback so that we can continue to improve.

We run our schools in the best interests of the pupils, guided by our principle that *"it must be good enough for our own children or those that we care deeply about to be good enough for our pupils"*.

community,
achieving

ABOUT QUEEN'S PARK ACADEMY

OUR APPROACH TO EDUCATION

We believe that the quality of education in the United Kingdom can be significantly better and are determined to show how.

We emphasise the importance of kindness, civility, and inclusivity in a text-rich, teacher-led learning environment. We want our pupils to leave our schools equipped for success in the next stage of their educational journey, and to achieve this we teach an academic curriculum enhanced by an entitlement to enrichment for all. We prioritise the teaching of powerful knowledge (Michael Young) in our curriculum; knowledge that is transformational, taking children and young people beyond learning that can be easily acquired through their everyday experience, and providing them with the tools they need to make sense of and navigate the world around them as educated citizens.

This means ensuring pupils develop a solid foundation of knowledge and skills that they can build on throughout their education. We place a strong emphasis on securing the fundamentals of literacy and numeracy and focus on developing an understanding of distinct subject disciplines in the wider curriculum. We believe this knowledge is fascinating, beautiful and worthy in its own right, and use the knowledge itself to foster curiosity and creativity in our pupils.

Because powerful knowledge is not easily acquired through everyday experience, we know our pupils are novices in much of this learning, and that novices learn best through explicit and direct instruction rather than inquiry based or discovery learning. In our experience, this promotes the motivation of success, and enables high levels of pupil interest, inclusivity, participation and thought.

Our teachers break down learning, planning backwards from clearly defined curricular goals. We value formative assessment and responsive teaching, whereby we actively diagnose and act to address gaps, errors or misconceptions in pupils learning in a timely manner. We ensure learning is revisited regularly to help pupils remember. We know that doing this well requires strong subject knowledge, not just of the current unit but of the coherent picture of the wider curriculum in each subject area, so we ensure we have detailed curriculum plans and resourcing in place and invest time in subject specific professional learning.

We believe in supporting pupils to successfully achieve high standards of conduct, resulting in very high expectations, and a calm and consistent learning environment where pupils feel safe, valued and can thrive. We think this makes for a warm and happy school, but moreover enables us to give pupils the foundations they need to lead happy and fulfilling lives.

Therefore, these are the aspects of our schools we prioritise enacting well and focus on through professional development.

Our staff work together to ensure we deliver on our promise to local families – that high expectations, superb behaviour and great teaching will be hallmarks of our school. You will benefit from our strong systems, processes and standards which will enable you to focus on the job you love – teaching. Our staff are supportive of pupils and one another, which ensures our schools offer families a genuine choice of an excellent education for their child, including:

- Rigorous and effective safeguarding practice
- High quality wrap-around care
- A disciplined “can do” culture than allows every student to be known, feel safe, and be cared for
- An intensive focus on the basics of reading, writing and maths
- An academic, knowledge-rich curriculum that values distinct subject disciplines
- Excellent quality, evidence-based classroom practice
- High quality PSHE provision
- Plentiful enrichment opportunities, including trips, visits, after-school clubs and sporting fixtures
- A focus on preparing every single pupil to be prepared for success in their education
