In 2023 the College celebrated 150 years. With dedicated, talented and inspiring staff, fantastic facilities and as impressive a rural setting as you could find, we balance the pursuit of academic excellence with a broad co-curricular programme. Denstone College offers students more than 40 sports and activities.

The College offers opportunities for a range of co-curricular activities including outdoor pursuits, music and drama.

Meet The Head

Lotte Tulloch

To define a Denstone education is to look beyond the here and now, to gaze in to the future and imagine what our children will become.

Parents invest emotionally in the College, safe in the knowledge that their children will be taught well, coached wisely and raised to be upstanding citizens of the future. They will be confident and happy and both interesting and interested.

Our commitment to the individual needs of each child surpasses the expected and as a result, our diverse community conforms to no stereotypes.

As Head, I believe passionately in the celebration of success and allowing that positive culture to bleed through all elements of school life. Children need positivity, excellent role-models and a platform from which to shine; to be their own beacon of excellence.

No website, prospectus, virtual tour or social media platform can do this College justice – a place which thrives on human interaction and relationships. Please do take the time to come and see us in action – the door is always open.
