# About the Technology Department

The department embraces a wide variety of teaching and learning approaches, with thinking skills and assessment for learning embedded into the schemes of work. Across the department, students are encouraged to investigate and to ask questions. This approach aims to make each area of Technology relevant, interesting and engaging for all. The subject is very popular within the school and the number of students opting for a Technology subject at Key Stage 4 is high. There are seven teachers and two technicians across the department. Projects are planned throughout Key Stage 3 and Key Stage 4 to give students the opportunity to use most of the different tools and equipment in order to develop good knowledge and understanding of the processes they are used for.

## About the courses:

In KS3, students have four lessons a fortnight, two in DT and two in Food/Textiles.

Students undertake several projects each year, allowing them to explore a range of materials. The projects have health and safety embedded throughout, whilst also encouraging students to demonstrate skills in investigation, planning and designing in an iterative way. This is done alongside introducing and improving students' practical skills and evaluation techniques. Students are required to let their creativity flourish and this is supported by members of staff at each stage of the process.

In KS4 we run WJEC Level 1 / 2 Vocational Award Engineering, AQA GCSE Design Technology and AQA GCSE Food Preparation and Nutrition. Across each specification the focus in Year 10 is on giving students the necessary technical skills and subject knowledge to provide the foundation for the NEA and final examination in Year 11. Students undertake several projects which give them the opportunity to develop and practise a wide range of technical skills, utilising our specialist equipment, alongside developing a deep understanding of the topics required for the specification.

At Key Stage 5 we are looking to reinstate AQA A-level Product Design in September 2026.

The Food and Textiles area has two Food rooms and two Textiles rooms, with access to IT facilities. Each Textiles classroom has 12 sewing machines, CAM embroidery machines and overlockers as well as a vast array of other machinery and equipment. The Food teaching rooms are fully equipped for modern Food lessons, including height adjusting equipment for students with additional needs.

## About the results

The Technology department has a high take up at Key Stage 4 and achieves strong results in all areas - Design Technology, Food Preparation and Nutrition and Engineering.

# The Wider School Community

Richmond School is situated on the edge of the beautiful Yorkshire Dales, approximately four miles from the A1 (M) at the northern end of the extensive county of North Yorkshire.

It is an extremely attractive market town in part of what has become known as 'Herriot Country'. Richmond itself has all the services of a market town and is within easy reach of Darlington and Teesside, with Newcastle, York and Leeds each less than an hour's drive away. The nearby town of Darlington is on the main East-Coast line between Edinburgh and London, whilst the Dales area itself has a rich, rural and industrial heritage. Musicians, thespians, walkers, cavers, campers, historians and many other interest groups find Richmond to be an ideal base.

The town of Richmond

Over thirty five primary schools contribute to the School's Year 7 intake. The School has an admission limit of 250.

Students travel from the borders with County Durham, from the Catterick area, from Wensleydale and also from the head of Swaledale, as well as from the town itself - testimony to the fact that the School enjoys an excellent reputation over a wide area which extends well beyond the Dales.

Swaledale

Richmond School and Sixth Form college has been extremely welcoming, and the school has a palpable community feel. All members of staff are kind and friendly, and willing to support in any way they can. Within my department, I have felt supported every step of the way, and as an ECT I have received expert guidance from staff. The routines and expectations in the school are clear and concise, and known by students and staff alike. Richmond School is an excellent place to work!

## School Performance

Richmond School and Sixth Form College has always had a good reputation and it features well in school performance tables. In January 2022 OFSTED reported that Richmond School is a good school. We have, at present, 1,293 students, 174 of whom are in the Sixth Form.

Our students consistently achieve attainment and progress scores well above the national average. At Key Stage 4, our most recent Progress 8 score is +0.16, and our Attainment 8 score stands at 47.8, compared to the national average of 45.9. Outcomes are strong across the wide range of subjects we offer.

At Key Stage 5, progress remains above the national average, with a Level 3 Value Added score of +0.09. Attainment and outcomes are also particularly impressive in our vocational subjects, highlighting our commitment to academic excellence across diverse pathways.

# Professional Development & Learning

Richmond School and Sixth Form College prides itself on being a school where teachers can grow professionally. Our aim is to ensure that development and learning opportunities support teachers to consistently improve their practice. We offer more than 25 hours of professional learning and development and encourage all staff to strive for excellence.

We welcome interest from teachers who want to work in a hard-working and collegiate environment with colleagues who are constantly seeking to improve and help one another get better.

This is a large and vibrant school that sits at the heart of its local community.

Leaders prioritise pupils' academic achievement and pupils achieve well. Leaders show a strong commitment to pupils beyond just academic success.

**Ofsted 2022**

Having previously worked at Richmond School as a Lead Teacher, I knew the School was the right place for me to develop both classroom and leadership experience. Working with the leadership team I feel both hugely valued and greatly engaged in my role.

**Peter, Associate Assistant Head teacher**

## Extra-Curricular Activities

All staff are actively encouraged to involve themselves in this important part of school life. Sports such as athletics, badminton, cricket, football, netball and rugby thrive at Richmond School. There is a full programme of competitive inter-school games.

Music has a strong tradition in the School. Instrumental instruction is available and there is an opportunity to join the School Orchestra, Wind Band or one of the other musical ensembles.

Drama is also a thriving subject, with a number of productions performed each year. Many other clubs and societies run in School throughout the school year. The School runs a wide range of school visits.

Examples include a science trip to Cern, geography field work on the East coast and Year 7 visits to France.

## Pastoral Organisation

The School is run on a year-based system with form tutors, a Head of Year and a Pastoral Officer in support.

Each student is part of a form group in which friendships can be made and responsibilities exercised. A student's form tutor and the Head of Year take a keen interest in his or her progress and development throughout their time at Richmond School.

The School places great emphasis on good staff-student relationships and on providing a hard-working, well-disciplined atmosphere in which students can flourish as individuals.
