### JOB DESCRIPTION

**JOB TITLE:** Main Scale Teacher

**RESPONSIBLE TO:** Principal

Introduction: Job Purpose

The essential quality of the teacher is to provide all pupils with an example which demonstrates the commitment required to achieve the highest possible educational standards within our school.

In particular, the following duties are central to the job:

- Having suitable knowledge and understanding of teaching and learning processes
- Organising and implementing assessment within your classroom
- Monitoring and evaluating standards of pupils' learning and progress
- Managing your class effectively

The specific tasks referred to in this job description may be delegated as appropriate.

The salary is reviewed annually and determined according to the School Teachers' Pay and Conditions Document (DFE). The duties are in accordance with this document. The main areas of responsibility are specified below.

Teaching and Learning

- Planning and preparing courses and lessons, feeding back on pupils' work
- Assessing, recording and reporting on the development, progress and attainment of pupils
- Preparing pupils for public examinations as age appropriate and reporting and interpreting results
- Participating in meetings arranged for all the above

Professional Development, Improvement and Review

- Reviewing teaching methods and programmes of work
- Participating in arrangements for training and continuing professional development
- Participating in staff meetings which relate to the curriculum

#### Management and Administration

- Co-coordinating and managing your work as a class teacher
- Contribute to the review, development and management of curriculum and assessment functions, including the School Improvement Plan and working towards our school aims
- Ensure all pupil data is held centrally and is used effectively Ensuring the effective and efficient internal transfer of pupil data for your teaching groups

#### General Administration

- Providing other staff with relevant information about your class, to help their planning and ensure staff have high expectations of pupils
- Ensuring the role of the class teacher is carried out, as stated within the Staff Handbook

#### Specific Duties and Responsibilities

- Monitoring the objectives and tasks identified within the School Improvement Plan
- Liaising with colleagues in other schools to ensure a smooth transfer of information
- Interpreting comparative data regarding pupil performance at Key Stages 1 and 2
- Take responsibility for your own professional development, keeping abreast of subject developments and reviews, locally and nationally
- Contribution to the whole-school ethos, with due regard to wider professional effectiveness
