

# Vision and Values

## Our Vision

At St Giles School our whole school community passionately believes that “No Dreams Are Out of Reach”. To ensure our learners are enabled to meet their goals and live the most fulfilling lives possible we share the same values. We have values for ourselves and for our learning:

## Our Personal Values

In order to **reach** our dreams, we must be:

**Respectful** – be kind and polite

**Excellent** – aim high and be the best versions of ourselves possible

**Assertive** – be confident in who we are and what we believe

**Considerate** – care for ourselves and others

**Honest** – be a genuine truth-teller

## Our Learning Values

In order to reach our **dreams**, we must have:

**Determination** – We know what we need to do to succeed

**Resilience** – If at first we don't succeed, we try again

**Enthusiasm** – We must want to learn and enjoy learning

**Aspirations** – We must never lose the ambition to achieve high

**Motivation** – We need you to believe that we can do it and encourage us

**Success** – we want you to celebrate our achievements however small they might be.
