## Introduction to the Wren Academies Trust

Welcome to the Wren Academies Trust. The Trust began with the opening of Wren Academy Finchley in September 2008 which grew to become an all through school of over 1400 students aged between four and 18. It has become one of the most successful schools in the country, as it has gained an excellent reputation for the learning focused education offered to students combined with outstanding academic results. We are delighted to have then been given the opportunity to open our new secondary school, Wren Academy Enfield, which welcomed 184 pioneer students into our inaugural Year 7 in September 2020 and will continue to grow each year until it has over 1200 secondary students.

The Trust is proud of its success; Wren Finchley has received three outstanding Ofsted judgements, two outstanding SIAMs reports and achieved excellent GCSE and A Level results. Wren Enfield is already one of the most oversubscribed schools in Enfield with every sign indicating that it will be equally successful.

Whilst our high-quality lessons and enrichments make Wren schools rewarding places to learn or work in, perhaps the most unusual thing about our Trust is the quality of the relationships you will find within it. Students and pupils like and respect each other and value their opportunities to learn. They get on exceptionally well with staff, as adults and students work together in a productive and trusting atmosphere. Children thrive by being given a high degree of responsibility and this leads to the exceptional behaviour Wren is so well known for.

Student leadership is at the heart of our philosophy with curriculum advisers, lesson observers and interviewers working along with a more traditional student and pupil councils. We believe that Wren students are given unequalled opportunities to learn, to encounter positive life experiences and to excel. Underpinning all of our work with students and staff is our vision which is based on widely recognised moral and social values and informs all aspects of our work. We have built communities which provide an education that enables all pupils and students to thrive. Our aim is that they become lifelong learners reaching their academic and social potential through a commitment to justice, kindness, and humility.

## Vision and Ethos

*Do justice, love kindness, walk humbly with your God - Micah 6v8*

We aim to create an inspirational community of learning rooted in Christian values, providing outstanding educational opportunities and experiences for all students regardless of age, ethnicity, ability and background. We combine our ambitions for students' outstanding academic attainment with an emphasis upon their personal growth as individuals, citizens and active learners. The values and vision which grow from our Christian ethos have helped Wren create a positive and inclusive atmosphere, in which all students and their families are welcomed. We find that having many different faiths in a school and taking faith issues seriously, generates understanding, tolerance and mutual respect in young people.

We are inspired by the Biblical account of the encounter between Jesus and Zacchaeus to build a community and provide an education which enables all students to thrive and reach their full potential. This is done so that our community then has a positive impact on the world motivated by our foundational Bible passage: Do justice, love kindness, walk humbly with our God – Micah 6v8.

***We support and challenge each member of our community to experience life in all its fullness.***

## Staff Well Being

All teachers joining Wren receive a high-quality professional development experience. We hope that simply by working at the new academy, teachers will become better practitioners and that much of the best professional development will be found in working with Wren colleagues. However, we explicitly prioritise CPD with an innovative programme which provides 3 discrete hours for the development of teachers. Within this structure there is a focus on engaging with the latest educational research, with many colleagues undertaking research projects related to their practice. Therefore, we are looking to recruit teachers who are keen to become the very best teachers whilst focusing on ensuring excellent progress and the creation of firm foundations which will lead to GCSE and A Level success.

Our new buildings which we occupied in December 2022 are architecturally impressive and provide an exceptional teaching environment with breath-taking views across the greenbelt and into London. As well as a range of good-sized well-equipped classrooms the site benefits from the following features:

- A welcoming and pleasant restaurant area for both staff and students which is set at the heart of the school
- Dance studio, extensive gym, and assembly hall
- Impressive Sixth Form social and study areas
- Excellent performance spaces both in and outdoors
- Pleasant outdoor social and learning areas for both staff and students

The development of a second academy has led to collaboration and innovation opportunities which benefit all staff and have improved the provision of both schools. Many professional development opportunities have been created which ensure that all colleagues are well equipped and encouraged to be effective in their role.

At Wren you will be given time to plan and evaluate your lessons and intervention strategies. You will be part of a learning dialogue with colleagues for which time is set aside. Most importantly of all, you will be working with young people who are talented and enthusiastic about their learning. We believe that observing other teachers and having them observe you is a professional entitlement and especially important given our focus on quality first teaching. It is an expectation that all Wren teachers will be confident and open in seeing lesson observation as a key element of how we learn as professionals.

We are looking to recruit excellent teachers who have the desire to develop further. We want to appoint colleagues who possess real curiosity about the ways in which children learn most effectively and who are always seeking to extend their practice into new areas and learning activities. It is important that Wren teachers are ambitious both for themselves and for their students.

## Academy Information 2025/2026

The Wren Academies Trust is sponsored by the London Diocesan Board for Schools (Church of England) and Berkhamsted School. Having established an excellent first academy in the London Borough of Barnet, we have grown to a full secondary school and launched the Sixth Form with over 100 students enrolled in Year 12.

Our first set of GCSE results reflects the hard work, resilience, and commitment of both students and staff, demonstrating the strength of our curriculum, the quality of teaching, and the supportive culture we have built within the academy. These outcomes, when compared to last year's results within the local authority, are likely to place us at the top in comparison to non-selective schools within the borough.

Since opening in September 2020 the school has been closely modelled on the successful Wren Academy Finchley whilst creating a distinctive vision and ethos which matches the needs and aspirations of Enfield students who join the school. It is planned that the school will repeat the success of Wren Academy Finchley which has achieved some of the best GCSE progress results in the country and has created a highly successful academic Sixth Form.

Wren Academy Enfield is a comprehensive school, which welcomes students whatever their previous academic attainment, then does all it can to maximise their academic and social potential. We are a vibrant and culturally diverse learning community where all members benefit from our distinctive and inclusive Christian vision inspired by the encounter of Zacchaeus with Jesus (Luke 19v1-10) and the exhortation found in Micah 6v8 to 'Do justice, love kindness and walk humbly with your God'.

The curriculum is innovative, challenging and engaging. There is an extended school day with lessons of varying lengths, single sex teaching in core subjects and an extensive timetable of enrichment activities. Music plays a key role in the enrichment programme with the provision of choirs, an orchestra, jazz band, drum groups and student led ensembles.

Each half term Focus Days are organised when the usual timetable gives way to in depth study of a range of issues relating to PSHE, the academy specialism and our ethos. To further support learning and social development, a House system is in place which is organised into vertical tutor groups of students in Years 7-10.

Single sex teaching takes place in English, Mathematics and Science and is in place to promote strong outcomes for both girls and boys. The approach has been highly successful at Wren Academy Finchley where there is a higher proportion of girls studying Mathematics and Physics A Levels and then related degrees than would normally be the case. Similarly, the number of boys in English A Level classes, and then studying the subject at university has also been strong.

Inspired by Sir Christopher Wren, our specialism is Design and the Built Environment. Key skills associated with the specialism, such as planning and creativity, impact across all subjects. We work closely with a range of public and private sector partners in delivering the specialism and in ensuring it enhances but never dominates our curriculum. Given the proximity to the Chase Farm Hospital we are exploring ways that the specialism can incorporate the field of medical science to the benefit of all students.

We develop students' learning skills and attitudes through our immersion in a strong learning philosophy. This is based on the 6 Rs which encourages students to be

- Resilient
- Relational
- Reflective
- Redemptive
- Resourceful
- Reverent

All learning is supported using digital tablets which are an expected item of equipment for every student. The use of the technology enhances learning within the classroom and at home whilst also being fully utilised to support student progress.

Colleagues are encouraged to innovate and to develop new ways of learning and working together. Taking advantage of the curriculum and lesson planning from Wren Academy Enfield, teachers develop and enhance existing learning resources to create exciting curriculum opportunities for the benefit of students in both schools.
