

## **Antingham & Southrepps Primary School and Nursery**

### **Teaching Assistant to support children with SEND**

Antingham & Southrepps Primary School and Nursery is situated between these two beautiful villages, surrounded by countryside and woodlands. We are a spacious and very well-resourced school - our stunning 200 year old school building provides our children with a truly beautiful environment in which they can learn and thrive. We have recently become part of a collaboration of five primary schools including Reepham, Bawdeswell, Foulsham and Antingham & Southrepps Primary Schools, working together to improve the education and the opportunities available for all of our children. We are part of the Synergy Multi Academy Trust.

**We have an opportunity for a Teaching Assistant to support the teaching and learning of children with Special Educational Needs and Disabilities. The role encompasses some 1:1 support as well as working with teachers in a classroom environment. You would be joining our friendly team of staff, who are committed to providing the best opportunities for our children to thrive and succeed at school and in life.**

We can offer you:

- Children who are curious, energetic and full of character
- A team of colleagues are striving to improve what we can offer our children every day
- A supportive team environment where we will listen to you and value your ideas.
- Excellent professional development within school and from across the Synergy MAT schools.
- Friendly and supportive parents and Governors who are passionate about our local community.

In return we ask that you:

- Are a team player, and recognise that high quality education is achieved as part of a team, not in isolation.
- Are positive, energetic and passionate about teaching primary aged children, with high expectations and aspirations for every child.
- Are patient, resilient, kind, caring and have a good sense of humour.
- Value inclusive education, understanding that every child's needs can be met with the right level of support.
