We are also keen to hear from applicants who have experience of teaching PSHE or Personal Development to Key stage 3 and key stage 4.

The Science and Technology Faculty at Carterton Community College is **successful, well-established and high-performing**. Despite this, we are very clear that improvements could be made and the student experience could be further enhanced, therefore we are seeking someone who is passionate about teaching these areas and impactful from the outset.

The team consists of **thirteen teachers and two full-time technicians**, delivering a broad curriculum from **KS3 to KS5**. We are proud of the breadth of course we offer at KS4 and KS5.

Professional Development & Enrichment

The faculty is deeply committed to **professional learning and evidence-informed practice**. We actively engage in educational research, including participation in the **EEF Teachers' Choice 'A Winning Start' trial**, and regularly explore current research, books and articles to inform faculty development.

We enjoy a strong partnership with **STEM Learning Oxfordshire**, benefiting from bespoke, bursary-funded CPD tailored to staff interests and development needs.

Beyond the classroom, we are passionate about enrichment. We look to run activities both in school and away to inspire students and raise the profile of the faculty.

The Role

We are seeking to appoint an **outstanding Teacher of Child Development & Health and Social Care** to join our committed and forward-thinking team.

This role will have a strong emphasis on:

- **BTEC Child Development (Level 2)**

This is an excellent opportunity for an ambitious practitioner who is passionate about **Social Sciences** and keen to contribute to curriculum development and the strategic direction of the faculty.

The Ideal Candidate Will:

- Be an inspiring classroom practitioner with strong subject knowledge in **vocational Social Science courses**
- Have experience of, or a willingness to teach, **BTEC and CTEC Level 3 qualifications**
