Information about the trust

About us

The Inspire Partnership is passionate about transforming the future for our children through partnership and collaboration. Placing children at the centre of all we do, we aim to create a climate where excellence flourishes as a result of outstanding leadership, engaging teaching and high quality learning.

This comes from a desire to create a coalition for change in all of our schools, building a legacy where pupils are able to fulfil their true potential as learners.

At the Trust's inception, we recognised each of our founding schools required an alternative approach to improvement which focused more on relationships, connectedness and interdisciplinary approaches to learning.

This is why collaboration is central to our mission. It binds schools together as communities, reminding us that we exist in the People Age. The emphasis on transformation exists because our schools have all required rapid systemic improvement in practice.

Partnership and collaboration benefit us all and help school communities become stronger.

Our values

Collaboration matters because this creates shared agency amongst staff, pupils and our wider communities. We are stronger together and can achieve more through working in partnership.

Excellence in everything because we believe learning is an artform, measured best through the journey and the quality of the outcome. Excellence is inclusive because it creates a shared expectation in everyone to achieve.

Community first connects our mission to transform lives with our vision to ensure pupils have the skills, qualities and attitudes to achieve the very best. Leadership behaviours for everyone are rooted in serving communities, especially those who need us most.

Equity for everyone exists to ensure we are fair, enact ethical leadership and strive to remove barriers to learning wherever they exist.

Continuous growth applies to us as leaders of learning as much as children discovering the joy of learning. We all have the capacity to grow new skills, learn knowledge and gain new experiences. We grow best in a climate of trust, reciprocity and connectedness.

Our story so far

In 2013, the Partnership was formed from 3 primary schools in Greenwich - Foxfield Primary School, Rockliffe Primary School and Woodhill Primary School. We established a common curriculum framework, a suite of professional development training and networks of excellence shared between our staff.

Within two years, all three schools had improved provision and outcomes for pupils and were judged to be good or outstanding by Ofsted and external partners.

The partnership had established a mature framework for school-to-school support programmes, delivered both locally and across the country.

In 2017, we were invited by Medway to support Maundene and then Elaine primary schools, both underperforming with declining standards and pupil outcomes way below national expectations.

Within a year of joining the Trust, each school had demonstrated rapid improvement.

In 2020, we began a new journey with four schools joining the Trust. Delce Academy joined us in March 2020, followed by Forest Academy, West Thornton Primary School and Woodside Primary School in April 2020.

Despite the challenges of lockdowns and the pandemic, as a family of nine schools we have continued to serve and strengthen relationships in our communities and to achieve our mission of transforming children's lives through partnership and collaboration.

In 2022, Forest Academy, Elaine Primary School and Maundene Primary School received inspections from Ofsted and we were proud to share the vastly improved positive transformation of the schools, which were reflected in the good outcomes of all three reports.

In 2024, Delce Academy and West Thornton Primary School were inspected by Ofsted and we were delighted to have the schools' hard work validated with good and outstanding outcomes. Both schools had been judged as inadequate before joining the partnership.

In 2025, we welcomed Chattenden Primary School, Medway, into the partnership as we continue to grow our Trust.

Working with us

Our mission to transform children's lives through partnership and collaboration comes from a desire to create a coalition for change in all of our schools, building a legacy where pupils are able to fulfil their true potential as learners.

Our core terms and conditions of employment are in line with other local schools and we recognise national and local agreements relating to the fair and equitable management of school staff.

What sets us apart is the opportunity for you to work at the cutting edge of educational thinking and practice.

Regardless of your role, you will have the chance to develop your knowledge with access to the best training and development opportunities at each stage of your career, take part in ground breaking research projects and be actively encouraged to work collaboratively with some of the most talented and innovative colleagues, both at a local and national level.

If we create a culture where every teacher believes they need to improve, not because they are not good enough but because they can be even better, there is no limit to what we can achieve. - Dylan Williams
