We wish to appoint a passionate and inspiring Teacher of Science to join a forward thinking and successful faculty with a team of specialists including a Curriculum Leader, Teaching and Learning Lead and Subject Leaders. 'A' level science is taught in all three specialisms and the department offers a range of extra-curricular activities, both in and out of school. Candidates are welcomed from any specialism. **For suitably experienced candidates with Physics as a specialism who are looking for a full time position, there is the potential for a position of responsibility with a TLR.**

The science faculty is a key curriculum area of the school where results are significantly above the national average in both combined and individual sciences. As a large and progressive faculty there is a suite of ten science laboratories. There is also a team of technicians who support the area from a central requisition hub in the science area. We are looking for a candidate who is inspiring, dynamic and has a passion for teaching Science to join our team and continue to grow a joy of learning in all our students.

This position would equally suit an experienced teacher or an early career teacher for whom excellent induction and support is provided. For an informal discussion about the post or to arrange a visit prior to application please contact Govin Persand, Deputy Headteacher – gpersand@stanborough.herts.sch.uk
