

Job Description

We are seeking an enthusiastic and dedicated Science Teacher to join our thriving secondary team. The successful candidate will play a key role in delivering high-quality science teaching across Key Stages 3 and 4, supporting students to develop confidence, resilience, and a deep understanding of the subject. Whether you are an early-career teacher looking to grow or an experienced practitioner seeking new opportunities, you will join a supportive department committed to raising achievement and fostering a love of science. UPS candidates will additionally be expected to demonstrate a sustained impact on teaching and learning across the wider team.

Key responsibilities:

- Deliver high-quality, engaging lessons that inspire and challenge learners in science across Key Stages 3 and 4.
- Plan and adapt schemes of work to meet the needs of all students and support strong progress.
- Assess, track, and monitor student performance, using data to inform teaching and intervention.
- Maintain an inclusive, positive classroom environment with high expectations for behaviour and achievement.
- Provide timely, constructive feedback to support students' scientific understanding and progress.
- Use a range of teaching strategies and resources, including technology, to enhance learning.
- Contribute to ongoing curriculum development within the science department.
- Work collaboratively with colleagues to share best practice and continually improve the quality of teaching.
- Communicate effectively with parents and carers regarding student progress and targets.
- Participate in wider school duties, meetings, enrichment activities, and professional development.
- UPS only: Provide subject leadership, mentoring, or coaching to colleagues, and contribute to whole-school improvement priorities.
