WE ARE A SCHOOL OF CHARACTER

Here are our values

INTEGRITY

To uphold the highest standards of honesty with the ability and desire to stand up for what is right; developing a strong moral compass that guides you to do the right thing when no one is watching.

RESPONSIBILITY

To take responsibility for your actions and choices; to make others feel valued and respected; to contribute and fully embrace our school community.

ENDEAVOUR

To endeavour to always do your best to face the challenges of school life and beyond; to try for the sake of others as well as the individual; to be consistent in all we do and strive for greatness.

BRAVERY

To be brave when taking risks and facing fears; to be a strength for others when they question their own strength; to remember, it is going to be hard, but hard is not impossible.

EMPATHY

To have the ability to relate to, and connect with, others for the purpose of inspiring and empowering their lives; to demonstrate humility when supporting others to be able to see, hear and feel from the position of another.

Core values and vision

Our vision for the children and young people we teach, is to deliver an exceptional 21st century, comprehensive and universal all-through learning experience that will unlock every individual's potential. We aim to develop the acquisition of knowledge, skills, emotional intelligence and character to become responsible, successful and fulfilled citizens with the highest levels of integrity.

We will equip pupils and students from the ages of 4–16 with the knowledge, skills, characteristics and emotional intelligence to become well-rounded, responsible and fulfilled citizens with the highest levels of integrity; and the ability to stand up for what is right.

At Glebe Farm School we develop the characteristics of bravery, empathy, endeavour, integrity and responsibility. These core values permeate throughout our school and curriculum.

The Curriculum

Whilst the curriculum is broad and balanced and offers the complete range of subjects the three distinctive principles that provide the foundation for everything we do: Ambition, Belonging, Creativity

The ABC drivers of our curriculum, firmly underpin all areas of school life and this ensures our curriculum offer is enriched and personalised to our children, their families and our developing community.

Inspiring Futures through Learning

We formed Inspiring Futures through Learning (IFtL) in 2016 as a natural extension of our school improvement journey. Indeed, for over twenty years our founding school, Two Mile Ash School had worked with very secure, high-quality partners in their ITT School-Based Partnership, supporting newly formed Trusts in turning schools in difficulty around and created our CPD programme to support the development of leadership and continual professional development both locally and nationally. There was a very strong track record of school improvement led by high performing leaders who shared a common vision. Developing a Multi-Academy Trust with like-minded schools and their leaders meant that our vision could circulate further, ensure the impact of our work reached out to more children and more staff benefited from high-quality development and learning from each other.

Since 2016 we have achieved great success. We can quantify our success in Ofsted reports, performance data, financial spreadsheets and our recruitment and retention figures. However, most importantly to note is that we can only achieve such success because of our culture and ethos. It is our more qualitative success that makes IFtL truly unique. We are a strong family, with different personalities and differing abilities but we have the golden thread that pulls us together - a belief that we are stronger together; that we will go that extra mile for each other and support each other when things aren't going the way we want them to.

The camaraderie is second to none as our school improvement system is strongly embedded in our schools as we use the skills and expertise to support each other. There is nothing new about a self-sustaining school improvement system – but the way we do it is unique to us and something that we are extremely proud of.

Indeed, IFtL is all about the people: the adults and the children. Our values set us apart:

This is the glue that holds us together, our common ethos, our shared values and our bare necessities. This is why we are special.

We are unashamedly proud of who we are and what we have achieved....

and we know that being part of the IFtL community is genuinely **a great place to be.**
