Department Information – Team VTC (Vocational, Technical & Creative)

- This is an exciting stage for the department as we have made many changes across the school over recent years and there has been a considerable amount of investment to the DT department with a brand new RM workshop. Our DT department benefits from **small practical teaching groups**, creating a safe, calm and supportive workshop environment. This allows teachers to provide individual guidance, develop practical skills effectively, and ensure students receive the support they need to succeed. The department consists of a 'family' of wonderful professionals who have an internal reputation of being 'energetic, close, and supportive'. You will have the advantage of being part of the awesome support and caring network that this generates – the word 'family' resonates through our Academy and Department. The department achieved outstanding achievement in our summer 2025 results.

Support and further Career Opportunities

- We invest in and support our staff and over recent years have welcomed colleagues onto the Senior Leadership team and other whole school responsibilities as part of their development. We support outward facing initiatives through promotion of school visits and CPD training. We also have opportunities for colleagues to gain wider experience in whole school initiatives and this has supported the promotion of a number of internal appointments over recent years. Being part of a MAT also offers networking and career prospects for candidates wanting to progress in the future as we continue to grow and develop together. Our Trust is very much the heartbeat and offers an abundance of support and opportunity. This is echoed by our wonderful Governors and indeed community in which we serve.
