

Welcome to SHARE Multi Academy Trust, a supportive and close-knit family partnership of nine academies across West Yorkshire, and a Teaching School Hub

At SHARE, we are committed to delivering strong educational standards within our academies and providing our people with excellent careers. This is all underpinned by an unwavering commitment to our vision of Valuing People, and Supporting Personal Best.

I believe our role as educators is to help children and young adults to instil a desire to learn, to overcome barriers to success, and to encourage an ambition to achieve. To reach this standard, we must first deliver for our people and ensure they feel valued, listened to and have a strong sense of belonging. In turn, our colleagues, pupils, and society all benefit enormously.

There are two questions any organisation must ask itself – how and why. Our ‘why’ is rooted in ‘overcoming disadvantage’, which means we do all we can to help all our pupils achieve. Our ‘how’ is captured in our strapline of “Valuing People, Supporting Personal Best”. We believe that looking after people and valuing them is essential for us to achieve our personal best. We demonstrate this by encouraging our staff to take ownership of their roles and focusing on getting the basics right, to help everybody thrive.

Our commitment to people means we work hard at sharing best practice across our trust, creating networks for colleagues to learn from one another. We foster a learning environment and workplace where everyone feels supported and encouraged. In this role, you will benefit from the support of fellow headteachers and trust improvement leaders, providing the networks you need to deliver your goals.

Thank you for your interest in our academies and trust. I hope you will consider joining us as we continue to deliver the very best education for our pupils. Whether you are an education practitioner looking to start your journey, or an established professional wanting to bolster your career – we look forward to working together soon.

About our Trust

SHARE Multi-Academy Trust was first established in 2014, and since then, we have built a solid reputation for high standards and strong achievements.

We operate four successful primary academies and five high-performing secondary academies across the region. Our outstanding provision is supported by our Calderdale and Kirklees Teaching School Hub and national training accreditations, which enable us to deliver exemplary training and development opportunities for education practitioners at every stage of their career, from initial training to executive leadership.

Our academies achieve excellent outcomes across the board. This includes academic attainment and school improvement, as well as maintaining exceptionally high standards in all aspects of school life including behaviour and attendance.

As a result of the trust's supportive and inclusive approach, senior leaders invest significant time in supporting positive pupil behaviour and attendance. Our pupils attend well and are positive about learning. In turn, this creates a positive and respectful teaching and learning environment for staff, with teachers able to focus on delivering an excellent education to students without distraction, and with a manageable workload.

Whilst being close-knit, we are ambitious for the future.

We are always looking for additional ways to expand our positive impact, be that by working with new schools on exciting initiatives, or by collaborating with our talented team of staff.

Our aim has long been to be the best trust, not the biggest. Our priority for the future is to keep improving standards, building on our successes, and raising aspirations so we can support even more pupils to achieve even better outcomes.

“ Alongside being part of the central trust team, I enjoy getting the chance to meet and work with other colleagues across the trust. I started as an apprentice and every year SHARE has helped me to progress further, either by supporting me with professional development in the form of internal or external training which constantly bridges the gap to progress onto the next level when the opportunity arises.
