

Rivers Education Support Centre

Application Pack

Teacher of Maths

Teacher of Maths (Full Time)

Thank you for your interest in the post of **Teacher of Maths (Full Time)**. This Application Pack consists of the following documents:

- Copy of the advertisement
- Information about Rivers ESC
- Job Description & Person Specification
- Staff Benefits
- Links to our CP, Safer Recruitment Policy and KCSiE 2026

Closing date: Monday 02nd February 2026 @ 6.00pm. Please note we reserve the right to close this vacancy early should sufficient applications be received so early application is advisable.

Interview date: w/c 09th February 2026.

How to apply: If applying via our website or via Teach in Herts website, please complete both the application form and person specification forms and return them by email to Mrs Heather Dunne at heather.dunne@riveresc.herts.sch.uk. If applying via My New Term, please use their application process / forms.

References: Please ensure that you provide email addresses for both your referees as we will request references by email. A mobile number for them would also be useful.

If you have any queries regarding this post, or general enquiries about the recruitment process, please contact Mrs Heather Dunne, HR Manager on 01992 534 841 or heather.dunne@riveresc.herts.sch.uk Visits to the school are most welcome, please contact Heather to arrange.

Criminal Declaration Form: All applicants invited to interview will be required to complete a Criminal Declaration Form prior to interview.

The Rehabilitation of Offenders Act 1974 (Exceptions) Order 1975 provides exemptions to certain provisions of the Rehabilitation of Offenders Act 1974. These exemptions are made in specific circumstances where the Act does not apply, allowing employers or authorities to request disclosure of spent convictions or cautions under specific conditions. The order applies to roles that involve working with vulnerable individuals or require a high level of trust and responsibility.

Rivers ESC is committed to safeguarding children and young people. All post holders are subject to a satisfactory enhanced Disclosure and Barring Service (DBS), medical, online/social media checks, and 2 satisfactory employment references.

We look forward to reading your application and thank you for your interest in our school. We encourage applications from ECT, MPS & UPS teachers.

Teacher of Maths

Advert

Hours: Full Time (position will be 5 days / 1.0 per week).

Salary: MPS 1 (£34,398) to UPS 3 (£52,490) – Full Time Equivalent.

We are looking to appoint a dynamic and adaptable teacher to teach Maths (Full Time - 5 days per week) at our KS4 Centre in Hoddesdon teaching year 10 - 11 pupils, who has a confident understanding of the curriculum and excellent subject knowledge. This role is ideal for dedicated professionals who have a passion for supporting young people who face difficulties in mainstream education.

We encourage and welcome applications from ECT's.

Although supporting our young people can be challenging at times, the rewards are immense as we see them develop and succeed in reaching their full potential, gaining educational outcomes and returning to mainstream wherever possible. The work can be demanding at times but there is a high staff to pupil ratio - classes are small (max of 5 pupils) and always with TA support. We offer a supportive management team with "an open door SLT", Rights to Disconnect policy, offer opportunities for staff to effect real change, and grow professionally.

Rivers ESC works with a varied cohort of pupils including children classed as missing education, permanently excluded from mainstream schools, and many of the pupils have social, emotional and behavioural difficulties (SEBD).

Why Join Rivers ESC:

- Opportunity to make a significant impact on young people's lives.
- Work as part of a supportive and dedicated team.
- Professional development opportunities tailored to working in alternative provision.
- A chance to deliver education in innovative and creative ways.

You will possess excellent communication and proven organisational skills and be approachable, calm and positive. You should be a team player, who is also able to work on your own initiative.

The duties and responsibilities listed in the job description are as present. The post holder is expected to accept any reasonable alterations that may from time to time be necessary.

Rivers ESC is committed to safeguarding and promoting the welfare of children. All applicants must be willing to undergo safeguarding screening appropriate to the post, including an enhanced Disclosure and Barring Service (DBS) check, 2 employment references, medical, and online/social media checks.

We welcome visits to our school from potential applicants. Please contact HR Manager heather.dunne@riversesc.herts.sch.uk to arrange.

We aim to be an equal opportunities employer and welcome applications irrespective of race, gender, religion, disability, sexual orientation and/or age. We value the individuality and creativity that every worker potentially brings to the workforce.

WELCOME TO RIVERS EDUCATION SUPPORT CENTRE

Transforming futures through compassionate leadership, purposeful education, and collaborative partnerships.

At Rivers, we support children and young people aged 5–16 across multiple sites in East Hertfordshire and Broxbourne. Our students face barriers to learning in mainstream education, often due to social, emotional, or mental health (SEMH) needs. We provide a safe, structured, and nurturing environment where they can reconnect with learning and rebuild their confidence.

A deeply embedded culture of care, creativity, and resilience runs through every aspect of what we do at Rivers. We never give up on a child. Our team constantly adapts provision to meet individual needs, regularly reviewing timetables, strategies, and systems to reflect the changing needs of our students. This flexibility, combined with a strong therapeutic ethos, makes Rivers a truly transformative place, for both students and their families.

Safeguarding is at the heart of our work. With 10 Designated Safeguarding Leads across the organisation, we have robust systems in place to ensure the safety and wellbeing of every child in our care.

Our leadership is strategic, visible, and responsive. While senior leaders don't have regular teaching commitments, they step in to support and cover as needed, ensuring a hands-on and agile approach that keeps us connected to the day-to-day life of the centres.

One of our key strengths is our integrated Outreach Team, which works with both primary and secondary schools across a wide area. Through a tiered model of support, they offer early intervention, behaviour support, and reintegration planning. Their work helps prevent exclusions and supports successful transitions back into mainstream settings. When reintegration isn't the right path, students stay with us for a defined period, with continued outreach support to guide their next steps.

Working at Rivers is both rewarding and challenging. We support some of the most vulnerable children in our community. The work can be demanding, but it's also deeply meaningful. Our team is passionate, resilient, and committed to achieving the best outcomes for every child, whatever their journey may be.

We place strong emphasis on breaking down preconceptions and building meaningful, trusting relationships with students and families. A calm, well-structured environment, with high staffing levels, open-door classrooms, and clear boundaries, underpins everything we do. Expectations are high, and behaviour is consistently excellent.

Little Rivers (in Hoddesdon) (Primary Behaviour Support and Intervention)

Little Rivers plays a vital role in supporting primary aged students (5–11 years old) who are dual-registered with their mainstream school and our provision. It's a place designed for children with complex behavioural, social, emotional, and special educational needs, many of whom have experienced significant trauma.

Little Rivers offers a 12-week intervention, but we recognise that every child's journey is different. While reintegration into mainstream education is always the initial aim, the reality is often more nuanced. For many of our students, the level of need and the current shortage of suitable placements mean that more specialised or alternative provision is required.

Our approach at Little Rivers is holistic. We focus not only on academic progress but also on nurturing the social and emotional skills that are essential for long-term success. Every child has a personalised timetable, shaped around their individual needs and home circumstances. We work closely with families and external agencies to ensure that each child's experience is safe, meaningful, and supportive.

One of the strengths of Little Rivers is its physical environment. With two classrooms, a sensory regulation room, a spacious playground, access to an AstroTurf sports facility, a forest school area, and a horticulture space, we create a setting that is both stimulating and therapeutic. Our team is always looking for ways to enhance our outdoor provision, reflecting our ongoing commitment to creating spaces where children can thrive.

Our Key Stage 3 Centre in Hertford (Reconnection and Readiness for Reintegration)

Jan 2026

Our Key Stage 3 Centre offers a nurturing and structured environment for students who have either been permanently excluded from mainstream education or are with us on a short-term, 12-week respite placement. The focus is always on supporting students to return to mainstream education wherever possible, with a strong emphasis on reintegration and continuity of learning.

Students on respite placements are reviewed fortnightly to monitor progress and ensure their needs are being met. When reintegration is the next step, our Secondary Outreach Team plays a vital role, working closely with students and their schools to share effective strategies, build staff confidence, and provide ongoing support throughout the transition.

Many of the young people we support have complex needs, and while reintegration can be challenging, we see many students successfully return to mainstream settings. The provision runs until the end of Year 9. For a small number of students, a move to our KS4 Centre may be more appropriate, particularly where specialist provision is needed or while EHCPs and placements are being finalised.

The curriculum follows the National Curriculum and includes English, Maths, Science, ICT, PE, Food Technology, and Art. Learning is highly personalised and differentiated to meet individual needs, with mixed-age teaching groups and Year 9 students typically forming the majority.

We've invested in enhanced facilities to support engagement and wellbeing, including an on-site gym and access to off-site PE providers. Practical subjects like Food Technology and Art are especially popular and are used creatively to inspire and motivate our students.

Our Key Stage 4 Centre in Hoddesdon (*Raising Aspirations and Securing Futures*) offers a unique and highly supportive environment that mirrors the structure and expectations of a small mainstream

Jan 2026

school, while providing the flexibility and personalisation needed to support some of East Hertfordshire's most vulnerable learners. Our students follow a core academic curriculum, working towards GCSEs in: **English Literature, English Language, Maths, Biology & Art.**

Alongside this, we offer:

- Functional Skills qualifications in English and Maths
- A wide range of Level 2 vocational qualifications in subjects such as Business, PE, and Teamwork
- A dedicated Employability programme, where students build CVs, prepare for interviews, and take part in a week of work experience
- The opportunity to undertake the Duke of Edinburgh Award (Bronze & Silver)

This curriculum is designed to prepare students not only for academic success but also for life beyond school. Students are supported in exploring post-16 pathways through tailored college visits and even university visits, to raise aspirations, particularly for those from families with no prior experience of higher education.

Every student has a bespoke provision map, whether or not they have an EHCP. These maps guide personalised timetables and support strategies. Some students attend full-time, while others follow blended programmes involving college placements, extended work experience, or therapeutic interventions. This flexibility ensures that each young person has a pathway that suits their individual needs and goals.

A standout feature of the centre is our family support work; working closely with families and external agencies to coordinate care and reduce barriers to engagement. Many students arrive with complex needs and low trust in education. Our approach, starting with a warm, personalised setup meeting, helps rebuild confidence and connection from day one.

Our Aims

Jan 2026

Rivers ESC aims to provide a safe, secure, and happy environment where everyone will work hard to achieve their potential. Furthermore, we aim to build pupils' confidence by celebrating success and by nurturing a culture where it is ok to take chances and learn from our mistakes to build resilience and self-belief. We aim to inspire and enable our pupils to: Become confident, independent, and successful young people, excel in learning, engage positively with the community & be ambitious for their futures.

Teacher of Maths

Job Description

Aim and main purpose of the job:

- To teach, enthuse and inspire pupils about Maths.
- To carry out general and specific duties as set out by the national School Teacher's Pay and Conditions.
- Meet the expectations set out in Teacher's Standards.
- Fulfil duties directed by the Headteacher
- To assess, record and report on the attendance, progress, development, and attainment of pupils and to keep such records as required.
- All teachers make a valuable contribution to the school's development and, therefore, to the progress of pupils. All teachers, except those who are newly qualified, will have a lead responsibility for a curriculum area across the whole school and will be supported in that role by their line manager.

Teaching and Managing Pupil Learning:

Teacher of Maths will:

- Be able to teach to GCSE level effectively across Key Stage 3 and 4.
- Possess high expectations of pupils in relation to standards of achievement and behaviour.
- Create and review consistent implementation, and improvement of schemes of work that encapsulate key school learning strategies.
- Monitor the progress of pupils including those requiring additional support and challenge them to ensure pupils are engaged in their learning and achieve success.
- Teaching experience of Functional Skills Level 1 and 2 is desirable.

Assessment and Self-Evaluation:

Teacher of Maths will:

- To regularly mark pupils work giving constructive feedback and targets for improvement.
- Implement policies and practices for assessing, recording, and reporting on pupil achievement and assist in setting targets for further improvement.
- Use data effectively to identify pupils who are underachieving and, where necessary, create and implement an effective intervention plan.
- Contribute to the school's planning and self-evaluation.

Relationship with Parents:

Teacher of Maths will:

- Establish a partnership with parents to involve them in their child's learning of the subject, as well as providing information about targets and attainment.
- Communicate effectively, both orally and in writing, with parents.
- To give high quality feedback at parent review days.

Managing Own Performance:

Teacher of Maths will:

- Prioritise and manage their own time effectively.
- Take responsibility for their own professional development.
- Share good practices resulting in a tangible impact on pupil learning.
- Form constructive relationships with staff including team working and mutual support.

- Actively implement the key aspects of the school's behaviour management policies.
- Contribute to the wider school life including Maths enrichment activities.
- Contribute to department planning and developments across Key 3 and 4.

Strategic Leadership:

Teacher of Maths will:

- Contribute fully to our Centre Development Plan.
- Contribute to the development of whole school strategic planning and policies.

Equalities

Be aware of and support differences and ensure that pupils have equal access to opportunities to learn and develop.

Health & Safety

Be aware of and comply with policies and procedures relating to child protection; health and safety; confidentiality; and data protection and report all concerns to an appropriate person.

Safeguarding:

Rivers ESC is committed to safeguarding children and young people. All post holders are subject to a satisfactory enhanced Disclosure and Barring Service (DBS) check.

Disclosure & Barring Service

This post is classed as having a high degree of contact with children or vulnerable adults and is exempt from the Rehabilitation of Offenders Act 1974. An enhanced disclosure will be sought through the Disclosure & Barring Service as part of Hertfordshire County Council's pre-employment checks.

Additional Information

The jobholder is required to contribute to and support the overall aims and ethos of the centre. All staff are required to participate in training and other learning activities, and in performance management and development as required by the centre's policies and practices.

Teacher of Maths

Supervision

Jan 2026

The post holder is line managed by the KS4 Deputy Head. The frequency of meetings is determined by the centre's performance management policies and practice.

Contacts

The post holder works directly with teachers, centre staff and pupils and has routine and regular contact with parents and carers and with external agencies and other professionals.

The duties and responsibilities listed above describe the post as it is at present. The post holder is expected to accept any reasonable alterations that may from time to time be necessary; this may include working across all centres when needed. The Teacher of Maths works under the direction of the KS4 Deputy Headteacher and is accountable to the KS4 Deputy Headteacher who will delegate areas of responsibility as required. The KS4 Deputy Headteacher is responsible for the Teacher of Maths performance management. This job description may be amended at any time after full consultation, but in any case, will be reviewed annually.
