

WELCOME FROM THE DIRECTOR OF FINANCE

The finance team at Broadleaf is a well-established, innovative and friendly team, who work collaboratively to support all of our schools and our central teams. Our work encompasses all aspects of financial support, from the basic ordering of goods, all the way through to more complicated tasks such as the review and processing of payroll and the management and reporting of ringfenced grants. This variety of work provides for an interesting and challenging environment, with the added motivation of enabling schools to provide the best education possible, to their children.

This role has a broad range of responsibilities, which provides the post holder with an interesting variety of tasks and as well as the opportunity to learn new skills and systems, within the realm of finance. As a Trust we are committed to the ongoing development of our staff and this role will have access to internal and external continuing professional development opportunities. If you are a finance professional who is committed to providing a high quality service to your customers, in a busy but supportive environment then this is the role for you.

The role is primarily based in the centre of Sutton Coldfield, with at least one day a week based at one of our Sutton Coldfield school sites. Free parking is available at our schools, which are only a short walk from our central office.

David Worledge
Director of Finance
