Weston Favell has been a positive change in my teaching career

The move to Weston Favell Academy in September 2024 came with much trepidation after 16 years in my previous school.

The support network at Weston Favell Academy since joining has been outstanding. The pupils are pleasant and there is a genuine feeling of aspiration in every classroom; the pupils want to achieve and show gratitude on a daily basis. The approach is very much pupil focused, prioritising pupils in every matter. This allows the classroom to be the centre of all activity. As a teacher, my time is dedicated to providing lessons that reflect the learners' needs and are ambitious.

My advice for anyone thinking of change - do it! Weston Favell has been a positive change in my teaching career and I plan to remain here for the foreseeable future.

Excellence in everything we do!

As a former pupil, I have experience firsthand the school's dedication to raising standards and transforming lives.

One of the things that makes WFA special is its investment in professional development. We are encouraged to bring fresh ideas, given the support to develop them, and empowered to push our school forward as we move closer to becoming outstanding. I have been fortunate to take my passions and share them both inside and outside the classroom, and the Academy has provided me with incredible opportunities that align with its missions - to give our pupils the best possible start in life, not just academically but through invaluable life skills.

Weston Favell Academy is more than just a place to learn or work; it is a thriving community, a rock of stability and ambition, where we all play a part in shaping the future. We are a team, committed to giving every pupil the tools to succeed in life. Education has taken me on an incredible journey, and as my dad always said, 'education opens up so many doors'. So where will your doors lead to?

Culture of excellence!

Having dedicated the first 10 years of my working life to a career in mental health and nursing, moving to education was a huge change and great challenge that I was thrilled to be given the chance to do.

The team here at Weston Favell Academy are invested in each and every child we serve. At the core of everything we do are the values that we impart to our children – excellence, hard work and above all, pride.

Knowing the challenges that the school environment can bring, it would have been easy to come in with apprehension. I feel supported and empowered every single day that I come to work, so I can give my absolute best for our pupils and the team around me.

Since the day I arrived, I have seen and felt the culture of excellence that is propagated by all staff, each day at the Academy and in everything we do.

Well supported through ECT years!

I joined Weston Favell Academy 4 years ago as a newly qualified French teacher, and had an extremely positive and very well supported start to my teaching career. I was fortunate to be supported through my ECT years by experience mentors who provided invaluable guidance in a variety of areas. Their expertise helped shaped me into the teacher I am today.

Throughout my time at the Academy, I have built meaningful relationships with both staff and pupils, watching them develop and flourish. It has been particularly rewarding to see the MFL department grow and I am proud to have been part of the school's journey in achieving a 'Good' rating from Ofsted.

As we prepare to introduce Spanish into the curriculum, I am excited for the new opportunities this will bring to both pupils and staff. Weston Favell Academy has played a key role in my professional growth, and I look forward to continuing to contribute to its success.
