Background and context

Thomas's London Day Schools educates over 2000 children at five schools – Thomas's Battersea, Thomas's Clapham, Thomas's Fulham, Thomas's Kensington, Thomas's College, and in one kindergarten in Battersea.

Thomas's was founded as a kindergarten in a Pimlico church hall in 1971 by actress and mother Joanna Thomas. Six years later, Joanna and her husband David founded a school for older children in response to the success of the kindergarten and a growth in demand for quality day school places in London. In 1977 the first Thomas's, initially known as Kensington Court Lower School, opened in Cadogan Gardens.

By offering a coeducational education with high academic aims, along with a broad curriculum taught by energetic teachers, the school went from strength to strength. It eventually expanded and multiplied, becoming a group of schools which is internationally recognised as a beacon of excellence in prep school education.

Thomas's Clapham opened in 1993 on the site of the former Clapham County Girls' School on Broomwood Road between Wandsworth and Clapham Commons. By then, Thomas's Kensington had opened in 1981, and the original Thomas's had moved to larger premises and became Thomas's Battersea in 1989. Thomas's Kindergarten had opened nearby in 1992.

Thomas's Fulham opened in 2004. Joanna and David Thomas retired from the active management of the group in 1999. Thomas's is now run by their sons Ben and Tobyn.

Thomas's College, opened in September 2025 and offers a world-class secondary education to pupils aged 11 to 18.

There are currently 622 children aged from 4 to 13 on the roll at Thomas's Clapham. Demand for places at the school is considerable, with most children arriving in Reception. 13+ is the main exit point for our pupils, where they head to a combination of London Day and Boarding schools.

The school is part of ISI and a full inspection was completed in April 2026. Under the ISI Inspection Framework 2023, Thomas's Clapham met every standard across all five areas of inspection and achieved a significant strength.

Ethos

Thomas's Clapham has long been committed to living our values, being kind, and being creative. From the school's origins in 1993, we have been renowned for our intellectual rigour and high academic standards, whilst never losing the ability to embrace the joy of childhood in all that we do.

We are committed to developing a culture of thinking whereby pupils are safe, kind, calm, and ready to engage with their world. It is grounded in our belief that learning is a consequence of thinking and that the best schools draw upon evidence-based innovation, the latest cognitive and wellbeing research, and global trends in education to build a 21st-century ecology. Our vision is that every pupil flourishes as a compassionate contributor to society and a courageous shaper of the future.

Campus

Thomas's Clapham is housed in a Grade II listed building which was built between 1904 and 1908 as a girls' grammar school. Since opening in 1993, the campus has been greatly improved and updated. The facilities include a Drama studio and fully equipped theatre space, Science laboratories, Computing Room, and an Art, Pottery and Design Centre, Outdoor Learning areas and updated classrooms to ensure the learning, community, and organisational structure create a 21st century ecology.

Wellbeing at Thomas's Clapham

Thomas's Clapham has a strong and supportive wellbeing structure. Class teachers and form tutors take a close interest in their pupils' wellbeing, and at the heart of this are the positive relationships which we tirelessly foster at every level. Pupils are supported by Year Leaders who have broad responsibilities for the wellbeing of pupils in each year group.

Wellbeing is actively taught and our assembly programme is central to pupils being happy at Thomas's Clapham. We are a listening school and through teaching about choices and personal responsibility, pupils build balanced social relationships and control their behaviour by avoiding thoughts and actions that get in the way of them achieving their goals and reaching their potential.

Pupil agency and voice is a crucial part of how we reflect on and improve our school. Pupils of all ages form our many representative committees and volunteer groups. It is their action and energy that propels our school forward.

Thomas's Clapham believes that all members of the community should Be Safe, Be Kind, Be Calm, and Be Ready. A shared understanding of these four rules, and a focus on school values, underpin our positive behaviour management approach.

Thomas's London Day Schools fully recognise their responsibilities for Safeguarding and Child Protection.

Learning at Thomas's Clapham

Thomas's Clapham is committed to developing a culture of thinking within every learning environment. This is grounded in the belief that learning is a consequence of thinking, and that learning is everywhere. We aim to have a community full of pupils who assume an active role in their learning, and who are adaptable thinkers; thinkers who engage with others, with ideas, and importantly, with action. Much of this comes from our school embedding an instructional framework that allows for critical, creative and reflective thinking.

Thomas's Clapham respects the importance of teaching for understanding, especially through an enquiry mindset where knowledge and information is connected to the lives of our pupils. Thinking and learning at Thomas's Clapham is about encouraging children to learn about the world to command and control it, not simply to fit in it. Our ambition is that every learning opportunity allows pupils to refine their thinking through exploration, investigation and discussion.

The National Curriculum is the starting point, but in each subject work is planned to stimulate and challenge and will include outcomes from the ISEB in the Upper School. Change is eagerly embraced by colleagues and pupils who share a passion for learning and finding new and better ways of doing things. Creativity, thinking skills and instilling a thirst for independent learning are at the heart of the approach. Continuous professional development is a strongly established culture within the school.

Culture of Thinking

Adaptive teaching strategies are used to support the development of thinking and therefore learning in the classroom. We encourage pupils to make their thinking visible, which supports learning through strengthening neural connections

- Make specific cognitive processes explicit.
- Provide a common language focused around thinking.
- All pupils are encouraged to use metacognitive strategies as a part of their learning toolkit

Learning Habits

Throughout the pupils' time at Thomas's Clapham, tools are provided to develop metacognition, which is the process of thinking about one's own thinking and learning. Our bespoke Learning Habits are used to aid this. Based on educational research, these are a visual, child-friendly representation of advanced learning techniques.

In an age appropriate way, the four Learning Habits encourage learners to:

- Understand why and how they are learning and thinking.
- Think deeply, ask big questions, make connections within other areas of learning and develop resilience.
- Create a common language and understanding to be built upon.

Our Values

Kindness

Courtesy

Honesty

Respect

Perseverance

Independence

Confidence

Leadership

Humility

Givers,
Not Takers

Kindness

We expect pupils at Thomas's to be kind; to be good friends to those around them, always on the lookout for and ready to support those in need of a word of encouragement or a listening ear.

Courtesy

We expect our pupils to be unfailingly courteous and polite; to have regard for the needs of others; to be responsible for the impact of their behaviour on those around them; to stand back, holding the door open, to allow adults through; to be particularly aware of the very young and the very old; not to 'hog the pavement' on school trips; to say "please" and "thank you" without prompting.

Honesty

We expect our pupils to be honest, to act with integrity at all times and to understand and uphold the rule of law.

Respect

We encourage all members of the community to respect themselves, each other, their learning environment and the wider community. We expect our pupils not just to tolerate but to celebrate difference, to respect the right of others to hold differing beliefs or views and to develop an awareness of individual liberty.

As our pupils become old enough to understand the characteristics protected by law, we look to them to challenge discrimination in all its forms and to foster healthy, positive relationships grounded in mutual respect.

Perseverance

We would like our pupils to appreciate the importance of, and to show, perseverance; to acquire a 'growth mindset' by understanding that intelligence can be developed; to embrace challenges; to persist in the face of setbacks; to see effort as the path to mastery; to learn from criticism; to find lessons and inspiration in the success of others and, as a result, to reach ever-higher levels of achievement and a greater sense of free will.

Independence

We would like our pupils to become independent learners; to work hard; to be responsible, organised and to manage their belongings effectively.

In the classroom, we would like them not only to make valid contributions, but also to be good listeners, who respect and encourage the efforts of their peers. We hope that, as a result of their lessons at school, our pupils will begin to take responsibility for their personal learning,

reading around subjects that interest them, carrying out their own research and making full use of the many excellent resources available to them.

As a result, we would like our pupils to gain a growing sense of enquiry and wonder about the world around them; about the vast body of knowledge and skills that has brought mankind to where we are today – and about how much there is still to learn.

Confidence

We expect our pupils to acquire self-knowledge by encountering both success and failure in an environment of support and encouragement, both at school and at home. Consequently, they should be 'comfortable in their own skin', full of self-confidence, yet always free of arrogance, and able to make sound judgements. We would like our pupils to become their best selves, not a second-hand version of someone else.

Leadership

We aim to equip our pupils to lead by example and to recognise service as a powerful form of leadership; to be prepared to stand out from the crowd; to be the first to respond to someone in need; to stand up for what they believe

to be right; to challenge what they know to be wrong; to risk making an unpopular decision, if they believe it to be for the greater good; to earn the trust and respect of others. We hope that our pupils will experience at an early age the opportunities and challenges of leadership.

Humility

Notwithstanding their confidence, our pupils are expected to retain a sense of humility; to be without arrogance; to be conscious of the advantages they enjoy and to show gratitude for them by putting them to best use by helping others. We hope that all our pupils will acquire a sense of the eternal and that this will inform their perspective of their place in the world.

Givers, not Takers

Above all, we would like our pupils to be givers, not takers; to show generosity of spirit; to use their skills and talents first for the benefit of others. We hope that our students will leave their school with a strong sense of social responsibility, set on a path to become net contributors to society and to flourish as successful, conscientious and caring citizens of the world.

Be Thomas's**
