

Introducing...

Clarendon Riverside Centre

Artist's impression of the playground

Opening in September 2026 - A place of learning for everyone

Opening on the banks of the Thames River in Petersham in September 2026, the Clarendon Riverside Centre will offer up to 78 new places for local pupils with complex needs and moderate learning difficulties. Boasting state-of-the-art, purpose-built facilities, it is designed to 'BREEAM Excellent' standards, offering a sustainable, net-zero environment.

The centre boasts exceptional facilities, including bespoke therapy rooms, sensory gardens, and specialist teaching spaces for art, drama, music, and food technology.

Smaller class sizes (6-8 pupils)

All class sizes at the Riverside Centre will be between 6-8 pupils, offering a more nurturing environment, and higher ratios of adult support.

Dedicated Speech and Language Therapy

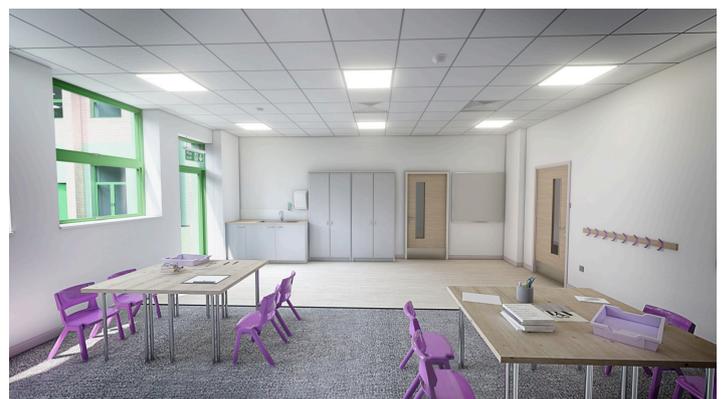

The Riverside Centre will be the our first site to offer in-house Speech and Language Therapy from day one.

Priority Access to Clarendon Post-16

In 28/29 we will open our first ever post-16 provision at the Riverside Centre. Priority access will be given to pupils already on-roll.

Where is Clarendon Riverside Centre located?

The riverside centre is being constructed at a stunning location on the banks of the River Thames, and surrounded by nature.

The address for the new centre is:

**Meadlands Drive
Petersham
TW10 7ED**

Looking ahead

We know how important consistency is for our young people. To ensure continuity, the new centre will be staffed by a mixture of new and familiar members of the Clarendon team.

We can't wait to show you around. Once the building is watertight, we will be able to facilitate some limited visits for parents to see this incredible new learning environment first-hand.
