

Dear Colleague,

Thank you for considering to apply for the position of Alternative Provision Teacher at Littledown School.

Littledown School has an amazing staff team, that I am very proud of. They work hard and strive to achieve the best for the stakeholders of our school, most importantly, our children.

If you were successful in joining our team, you would have access to a high level of support, CPD and reflective practice opportunities.

We value each other's skills and abilities and work cohesively to make Littledown School a special place to be.

This is an essential role within Littledown. You will be teaching within our new Nurture Group and Outreach team. You would be responsible for overseeing these provisions and staff under the direction of the Headteacher. This role would include visiting local mainstream primary schools to provide guidance and support for children with SEMH needs. You will need to be able to think creatively in order to ensure our children are getting the best education available to them.

Our school's ethos is based on three key principles:

- Positive relationships
- Confident Individuals
- Successful Learners

These principles apply to all stakeholders and are values we apply to everyone.

Our motto is "Believe You Can!" and I believe we can all be successful with the right team and support.

I look forward to receiving your application and hopefully seeing you at interview.

Yours sincerely

Miss Angela Mumford
Head Teacher
