Welcome from the HR Central Services Team

We are delighted you have expressed interest in a vacancy with The Pinnacle Learning Trust. Please take the time to read the 'Join the Pinnacle Learning Trust' booklet available from our website, in order to understand the benefits of working for our trust and how you might support us in achieving our vision and values.

Should you have any questions regarding the position or the application form, please contact the Human Resources Department for assistance on 0161 287 8001.

Please ensure you submit your application by the closing date stated in the advert.

We cannot accept information held on CVs and therefore your application and accompanying statement must show all information about yourself and how you meet our requirements. The job description and person specification will assist you with this. Please provide a day-time contact number on your application form.

You should remember to include information on all your previous employment roles and qualifications gained from secondary school onwards, covering any gaps in employment which are longer than 2 months, detailing what you were doing during that time.

For teaching roles, please provide your results from the last three academic years, where available, together with your application form.

In the meantime, may we take this opportunity to thank you for your interest in working with us and we look forward to receiving your completed application.

Best regards,
HR Team

About Oldham Sixth Form College

Transforming the lives of young people through academic excellence and outstanding support

Situated in the heart of the town, Oldham 6th Form College is the bespoke provider of A Levels, T Levels and vocational courses for 16-18 year olds for the area. Opening in 1992, the college is proud of its heritage of transforming the lives of young people and celebrating their progress towards exciting and fulfilling futures. With over 2300 students across two year groups we offer 60 level 3 courses, from Ancient History to Travel and Tourism, and a similar number of enrichment activities for students to engage with. Uniquely, students study a 4 AS subject programme to capitalise on broadening horizons and creating opportunities. Each year over 85% of Year 13 students progress to university degrees and degree apprenticeships having excelled in their subjects.

We offer our students exceptional pastoral care, extensive enrichment activities and support from a team of Progress Tutors. In 2020, we were delighted to be recognised by Educate North's Community Engagement Award for our Essential Life Skills programme.

Described by Ofsted as 'outstanding' for leadership, students behavior and attitudes, and student personal development, the college's 'calm focused environment' and 'positive, mature attitude to learning' struck a chord with inspectors. They said our students 'enjoy sharing their knowledge and working with their peers' and recognised how confident students are, by being taught critical thinking skills, to ask questions and make evidence-based judgements.

We have been at the forefront of using technology within teaching and learning, supporting our own staff and other schools/colleges through an effective suite of CPD opportunities and training. In 2022, the college was awarded Google Reference College status, the first sixth form college in the North of England to be recognised with the prestigious status, and one of only three sixth form colleges in the UK. 'Google Reference status' is awarded for the outstanding use of technology to drive positive learning outcomes and recognises the College's use of G Suite for Education in innovative ways. In addition, all students are issued with a Chromebook at the start of the year which contributes significantly to preparing students for their next steps in education or employment.

We are very proud of the fact that OSFC is the only sixth form college nationally to be awarded Research School status. We are also the Delivery Lead for NPQs on behalf of East Manchester Teaching School Hub, a Science Learning Partnership Hub and a winner of a Curriculum Innovation Award for our work in delivering digital education.

We have a team of dedicated and supportive colleagues who share our high expectations and underpin our mission and values. We genuinely care about each other and the real difference we can make to students' futures. We were delighted to receive the Edurio Staff Choice Award in 2024, based on responses to our staff survey where 97% of our colleagues recommended the college as a good place to work.

An African proverb tells us it takes a village to raise a child by sharing the responsibility across a community. Similarly, our college philosophy recognises the part we all play, and the contributions we make, in realising the successes of our students within our community.

Humanities

Humanities teachers offer outstanding support to students and each other through the positive and caring culture of the department. Defined by our compassion, warmth, and humour we pride ourselves on creating a supportive environment because it's important that teachers demonstrate care and concern. When teachers and staff members demonstrate compassion and warmth to colleagues and students, a powerful educational experience and trusting classroom relationship emerges. To illustrate this, staff enjoy other roles alongside their teaching commitments, including Counsellor; Advanced Skills Teachers; Teacher Training Coordinator and Early Careers Teacher Coordinator. Staff are also involved in the Xtras programme through activities such as 'Content Creation', 'EPQ', 'Debating Society' and 'Humanities Varsity'.

The Humanities Departments offers a range of subjects, including: Ancient History, Criminology, Geography, History, Politics, Philosophy, Religious Studies, and Sociology. These subjects focus on the human experience, both past and present. We help transform students' lives by understanding the world through the lens of culture, society, history, language, and ideology. We have a proven track record of excellent outcomes for students as well as high quality teaching. At the core of it all is our ability to foster a deep understanding and appreciation of the human experience. Students in Humanities learn to think critically, to analyse complex ideas and arguments, to understand the interplay between systems and individuals and to communicate their own thoughts and perspectives with academic rigour. .

Our Special Ingredient

Our secret lies in the balance. We hold high expectations of every student while never losing sight of the individual in front of us. In Humanities, students are pushed to think harder, argue more precisely, and engage more deeply, but always within a culture of genuine care and psychological safety. We know that a student who feels seen and supported is a student who will take intellectual risks, sit with difficult questions, and ultimately achieve more than they thought possible.

This balance is built into everything we do; from feedback, to how we handle the weighty and sometimes troubling subject matter that Humanities demands.

“Educational organisations can often have a culture that is somewhat bureaucratic and punitive, but our trust isn’t like that. We have a human side, which we show in abundance, and we really support each other. Things like behaviour management, for example, are a team effort - no-one is just left on their own.”
