St Claudine's Catholic School for Girls is a highly-successful Catholic girls' comprehensive school (ages 11-19), where behaviour is outstanding and students are educated via a rich and diverse, holistic curriculum to become confident, articulate and independent young women.

Learning at St Claudine's is rooted in the Gospel values in a warm, supportive and nurturing community. Even though we are a Catholic School, it is not a requirement to be Catholic and our international community welcomes staff and students of all faiths and none.

We require a skilled and knowledgeable Art and Design Technician to support the work of our busy and successful department that offers Fine Art, Textiles, Photography and Food and Nutrition. Art and Design subjects are very popular and highly valued in the school and Art, Textiles and Photography are taught to A level.

Further details of the school and this post are available on the school website:
