ABOUT THE SCHOOL

Francis Holland Sloane Square is a highly sought-after, independent selective school for 600 senior pupils aged 11 to 18 (HMC and GSA). The School is located on a spacious site in a beautiful residential part of Belgravia, close to the Saatchi Gallery and many cultural institutions such as the Victoria and Albert Museum, the Science and Natural History Museums, the Royal Academy and the Tate Galleries. The proximity to West End theatres offers us unparalleled access to current players and performances.

The School has enjoyed some significant building developments in recent years to accommodate a dramatically increasing roll and our vision for creative learning for the real world. Most recently, the Sixth Form (150 pupils) has moved into a spacious and inspirational building called The Old School House, which forms a bridge to higher education and provides an exciting environment for young people to develop their independence.

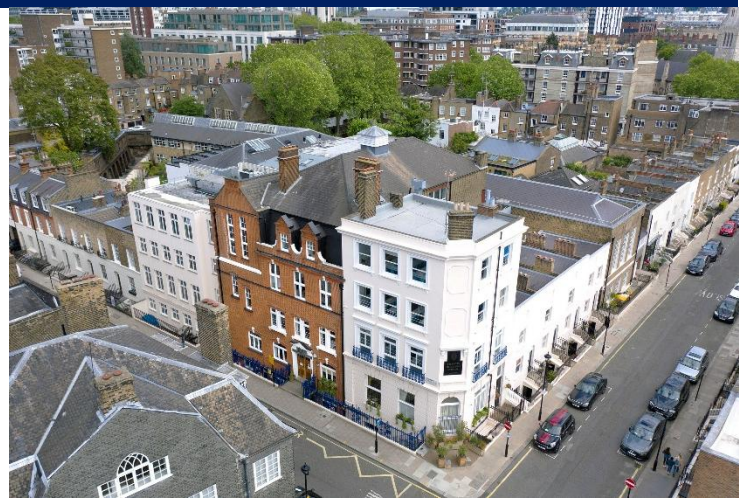

Francis Holland Sloane Square is overall a vibrant international community, and families from major cities abroad often seek places for their children here as a priority. Each member of staff is involved in the pastoral life of the School, normally as a Form Tutor, and the care of the children is renowned and exceptional. A team of counsellors provide additional support to the pupils and staff, reflecting our emphasis on supporting wellbeing.

A very wide range of co-curricular opportunities is also offered to the pupils, and all staff contribute to this vibrant and vital dimension of the School. Over sixty clubs and societies, outstanding music and drama opportunities and our renowned art department are complemented by an exceptional sporting reputation which benefits from the superb facilities of nearby Battersea Park. Overseas trips and annual expeditions for all pupils build resilience and independence. The School has a distinctive emphasis on creativity and innovation, and all pupils learn to use their 'time, talent and treasure' in the service of the local and wider community. Volunteering and fundraising are strong, and all students develop an understanding of social enterprise, with many setting up their own business ventures.

Academic standards are consistently high throughout the School, placing it amongst the most successful schools in the UK with outstanding results at GCSE and A Level. On leaving, after A Levels, students proceed to a wide range of prestigious higher education institutions across the globe. The staffing ratio is generous, and the School has its own attractive salary scale.
